INNOVATIVE SOLUTIONS FOR YOUR NATURAL GAS APPLICATION NEEDS

THE NATURAL CHOICE FOR ALL OF YOUR GAS NEEDS

EQUIPMENT CONTROLS COMPANY

ECCO maintains an extensive inventory of gas pressure regulators, gas meters, couplings, shut-off valves, gas filters, strainers and gauges, and emergency solenoid shut-off valves.

With years of combined product and system experience, our experts use their unique applications knowledge and technical skills to understand your project requirements and suggest the best product solutions for the job.

Whether you are assembling a bid package and need specifications, planning new construction or a retrofit project, or repairing an existing system, ECCO consistently delivers the best solutions for our clients needs.

800.554.1036 sales@equipmentcontrols.com

A global leader in designing and construction of components and systems for natural gas control, metering and treatment.

High-quality, versatile gas regulators made in the USA.

Designer and manufacturer of positive displacement rotary gas meters, electronic volume correctors and auxiliary equipment.

UL-Listed, hermetically-sealed Etter gas boosters are designed for the 21st century.

Keckley's industrial and commercial pipeline strainers are designed for a wide variety of applications.

Manufacturer of meters and pressure regulators that enable customers to better manage, measure and control operations.

BelGAS is a leader in the design and manufacturing of high pressure regulators, low pressure regulators, and flow control products.

Manufacturer of high accuracy instruments that will optimize gas flow measurements.

 $\label{eq:ASCO} ASCO \ solenoid \ valves \ control \ critical \ flow \\ from \ two-position \ on/off \ valves \ to \ flow \ control \ systems.$

Manufacturing ASCE 25-06 listed seismic actuated valves for residential, commercial and industrial applications.

REGULATORS AVAILABLE FOR A VARIETY OF APPLICATIONS FROM SMALL BURNERS TO EXTREMELY HIGH PRESSURES AND CAPACITIES

- Flexible mounting options
- Full range of service and line pressure regulators
- Manufactured in accordance with ANSI B109
- Outdoor or indoor use

496 PIPE SIZES: 3/8" through 1

143-80 PIPE SIZES: 3/4" through 1 1/4"

PIPE SIZES: 1 1/4" through 2" FLGD

PIPE SIZES: 1 1/4" through 2" FLGD

PIPE SIZES: 1 1/4" through 2" FLGD

PIPE SIZES: 1" through 4" FLGD

PIPE SIZES: 1" through 2 1/2"

PIPE SIZES: 2" through 6" FLGD

- Highest turndowns available 500:1 and 1000:1 capabilities
- ANSI Z21.80 Compliant
- Installed inside or outside
- Ventless configurations available
- Wide range of pressure and flows

GOVERNOR

PIPE SIZES: 1/2" through 4" 7 25 PSIG*

GOVERNOR W/ OPD

PIPE SIZES: 1/2" through 4" 10 PSIG

PF400

PIPE SIZES: 3/8" & 1/2" 10 PSIG*

PIPE SIZES: 1-1/4" -2" FLGD

DIVAL PIPE SIZES: 1" through 2" FLGD

DILOCK

Dilock 75: 1" x 1" Dilock 125: 1" x 1"1/2 Dilock 1080: 1". 11/4 x 1"1/4. 11/2 x 1"1/2, 2" x 2"

NORVAL

PIPE SIZES through 8" FLGD 275 PSIG

75 PSIG

REVAL PIPE SIZES: 1" through 10" FLGD

363 PSIG

APERVAL PIPE SIZES: 2" through 4" FLGD

PIPE SIZES: 3/4"-1-1/2" 125 PSIG

Meters for small to very large capacities:

SENSUS DIAPHRAGM

TURBO

ULTRASONIC

EAGLE RESEARCH*
CORPORATION

Speciality items available include:

KECKLEY

Delivering quality solutions for your control valve, actuator and regulator needs since 1965.
