

Premium upgrade with smart technology

TS-Series Touch Screen Blanket & Fluid Warming Cabinets

DWC243074T-TS
(shown with optional glass doors
and roll out baskets)

The TS-Series (Touch Screen) Blanket & Fluid Warming Cabinets provide the perfect blend of smart technology, value, and customer support in the industry. The intuitive touch screen gives you complete system control of your warmer, while the Ethernet/Wi-Fi capability allows remote connectivity (via smart phone app) giving you access to your warmer wherever you are.
