Thank you for purchasing the Magnum Commander Package

In the box:

- (2) 6" Angled Light Brackets
- (2) 2" x 5" Work Lights w/Brackets
- (2) Corner Mount Amber Strobes w/ Magnetic Base

Installation:

- Mount the angle light brackets w/ t-bolt on each side of the rack
 - The rack comes pre-wired to accept the accessories.
- On the front side of the rack light boxes there will be a white (ground) purple (work light) orange (strobe)
- The white (ground) will be used for both the strobes & work lights.
 - Use supplied heat shrink connectors to connect the terminals.
- At the harness end there will be an orange (strobe) purple (work light) & red (6" oval strobe in rack) stubbed wire.
- Connect the wires to upfitter switches in cab. The orange & red wire for both sets of strobes can be combined to a single switch.
