

## JEE Main Day 3 Paper Analysis 2025 Jan 24 Shift 1

**JEE Main Day 3 Paper Analysis 2025 Jan 24 Shift 1:** Candidates who appeared for the JEE Main Shift 1 Jan 24 Examination from 9 AM to 12 PM can access the detailed JEE Main Jan 24 Shift 1 Paper Analysis 2025 available here. The JEE Main Today's Shift 1 Paper Analysis (24 January 2025) available here contains the overall exam difficulty level, subject-wise difficulty level, students' reactions, and expert reviews.

### JEE Main Day 3 Paper Analysis 2025 Jan 24 Shift 1: Students' Review

Candidates can check the JEE Main 2025 Shift 1 January 24 reviews listed in the table below for each subject.

- Candidates can expect to have 99 percentile with 180-190 marks.
- The questions were mainly statement-based therefore its important for the candidates to have conceptual clarity.
- Most of the questions were NCERT Based
- Questions had equal weighatege from class 11 and 12
- Physics and Chemistry had medium difficulty, Mathematics questions ranged from Moderate to Difficult.
- **Mathematics:** Questions were on the tougher side but were still doable. However, much like the other shifts Maths was quite lengthy.
- **Physics:** Many questions were formula-based and conceptual.

- **Chemistry:** Most of the questions were theoretical and straightforward. Organic Chemistry had a higher weightage in comparison to inorganic and Physical Chemistry.
- Overall, the JEE Main 2025 Shift 1 January 24 good attempts are 48-50.

## JEE Main Day 3 Paper Analysis 2025 Jan 24 Shift 1: Detailed Analysis

Candidates can check the detailed JEE Main January 24 Shift 1 Question Paper Analysis 2025 available below.

### JEE Main Day 3 Physics Paper Analysis 2025 Jan 24 Shift 1

Candidates can check the detailed 24 January JEE Main 2025 Shift 1 Physics section below:

Particulars	Details
Difficulty Level	Moderate
Topics Asked	Circular Motion, flux from square plate, Amplitude and lamda, , Ray Optics, from PlanoConvex Lens, Semiconductor, logic gate, Current Electricity, Energy, Surface Tension, Fluid Mechanics, Intensity, , Wave Optics, screw gauge, capacitance, SHM, Error
Was the Physics Section Lengthy?	No

### JEE Main Day 3 Chemistry Paper Analysis 2025 Jan 24 Shift 1

Candidates can check the detailed 24 January JEE Main 2025 Shift 1 Chemistry section below:

Particulars	Details
Difficulty Level	Moderate
Topics Asked	Aldol reaction, carbocation stability, Coordination Compounds, Salt Analysis, Chemical Bonding, Biomolecules,
Was the Chemistry Section Lengthy?	No

### JEE Main Day 3 Maths Paper Analysis 2025 Jan 24 Shift 1

Candidates can check the detailed 24 January JEE Main 2025 Shift 1 Chemistry section below:

Particulars	Details
Difficulty Level	Moderate to Difficult
Topics Asked	Calculus, Coordinate Geometry, 3D Vector, Area, probability, complex numbers, quadratic equation, Matrices and Determinants, Coordinate Geometry
Was the Maths Section Lengthy?	Yes

Candidates can use the JEE Main Today's Shift 1 Paper Analysis (24 January 2025) to predict the difficulty level of the upcoming shifts.
