

JEE Main Exam Analysis Shift Wise 2025 Session 1

JEE Main Exam Analysis Shift Wise 2025 Session 1: The National Testing Agency successfully conducted the first exam of [JEE Main 2025](#) Session 1 today, January 22, 2025. The exam was held in two shifts: Shift 1 from 9 AM to 12 PM and Shift 2 from 3 PM to 6 PM. To assess their performance, candidates can now refer to the JEE Main Exam Analysis Shift-Wise 2025 Session 1.

This analysis will provide insights into the question paper's difficulty level for both shifts. Additionally, candidates can examine the important topics covered in the Physics, Chemistry, and Mathematics sections of the exam. This analysis can guide other JEE Main candidates in their topic selection and study plan.

JEE Main Session 1 2025 Jan 22 Shift 1 Exam Analysis

Candidates can expect the [JEE Main Session 1](#) Jan 22, 2025 shift 1 exam analysis has been updated here. With the help of that information, candidates can analyse their performance.

Particulars	JEE Main Session 1 2025 Jan 22 Shift 1 Paper Analysis
Overall Difficulty	Moderate to Difficult

Difficulty Level of JEE Main Mathematics	Moderate to Difficult (Lengthy Paper)
Difficulty Level of JEE Main Physics	Difficult (Lengthy Paper)
Difficulty Level of JEE Main Chemistry	Easy (Compared from 2024)
No. of Good Attempts	Overall: 48 - 50
	Mathematics: 10 - 12
	Physics: 15
	Chemistry: 20 - 21
Important Topics	Mathematics: Straight Lines, 3D Geometry, Probability, Hyperbola, APGP, Vector, Statistics
	Physics: Dimensions, Gravitation, Modern Physics (radius and debroglie), Ray Optics, , Current Electricity, Resistance, Flux, Capacitors, Wave Optics, Potentiometer, Semiconductor
	Chemistry: Coordinate Chemistry, Liquid Solution, Electronegativity, Metallic Character, Isomerism, Reactions, Electronic Configuration, Nitrobenzene, Diazotization, periodic

properties/ table, modern chemistry, chemical kinetics, f and p block, biomolecules, salt analysis.

Note that the JEE Main Session 1 2025 Jan 22, Shift 1 exam analysis is completely based on candidates' reactions and feedback. Based on the reviews provided by the students, the subject matter experts have prepared the given JEE Main session 1 exam analysis 2025

Even before the [JEE Main 2025 answer key](#) is out, students can evaluate their performance based on the paper analysis as well as anticipate what to expect from the upcoming papers.
