RECOGNIZED

Unmatched in performance, the chef-inspired Professional Range is the crown jewel of Monogram's Statement Collection. Monogram continues to be recognized for its luxury finishes and thoughtful engineering, with recent accolades including the Luxe Red Awards: 2022 Reader's Choice Award and Product Award for Range, Connecticut Cottages & Gardens Innovation in Design Awards 2022 Finalist, the prestigious Architectural Digest: 2021 Great Design Award, and 2022 Domino Best Smart Range.

IT'S THE DETAILS
THAT DEFINE US

Monogram performed extensive research before putting pen to paper on our latest designs. After careful consideration, we developed three main pillars to support our new look and feel: Materials, Performance, and Ownership. Each of these upholds our commitment to high quality, innovation, and our ongoing relationships with designers and consumers. Through these pillars and our new collections, we've created a luxury brand experience that you can see and feel for yourself.

A STORY IN EVERY DETAIL

Monogram sources the highest quality materials for our appliances. From the commercial-grade stainless steel for our refrigerators to the unscratchable sapphire glass on our cooktop and range knobs, we are inspired by many industries. Our designs incorporate leading-edge materials used by high-end automotive and aeronautics companies to ensure our appliances bring lasting beauty and quality to your luxury kitchen.

FIGURE EIGHT DRIVE CHAIN

Often found in performance automotive engines, the figure eight drive chain ensures a smooth, single-handed opening on our culinary-inspired French-Door wall oven.

SAPPHIRE GLASS

Second only to diamonds in strength, this timeless, scratch-resistant glass can be found in luxury timepieces and adds weight and presence to our cooktop knobs.

PRECISION ENGINEERED METAL

Used in high-end aviation for its durability and for its ability to strengthen in cold temperatures, this metal creates a fitted, seamless look to our refrigerator door bins and will stay elegant for a lifetime.

UNPARALLELED
PERFORMANCE

Monogram Appliances are expertly engineered to take on any culinary aspiration and serve as the stunning backdrop to everything you create. Every Monogram appliance is outfitted with premium features the experts use. From controlled simmers for the perfect sear, you can reach new culinary milestones every time you cook.

LUXURY, PERSONALIZED

EXPERIENCED EXPERTS

A visit to one of our design centers allows you to touch, feel, and observe the details of Monogram appliances firsthand. Our product and design specialists answer any questions you may have about our professionally-inspired appliances before you choose the perfect suite for your home. Our chefs perform regular cooking demonstrations to showcase the superior quality and high performance you'd expect from our kitchen appliances.

OWNERSHIP

Like every other facet of Monogram ownership, your peace of mind is our top priority when it comes to installing and servicing your appliances.

Monogram appliances are supported by a team of certified technicians, with every project overseen by an experienced Monogram Installation Technical Support Specialist and Service Agent. Your agent is dedicated to your project from start to finish, and will personally ensure that all work is completed to our standards, and yours.

THE MINIMALIST COLLECTION

SIMPLE ELEGANCE WITH INCOMPARABLE PERFORMANCE

The Minimalist Collection further streamlines even the most contemporary kitchen with flush installation and only the most essential hardware. Its expansive glass design reflects our keen eye for detail and functional aesthetic. Interactive LCD screens and push-to-open oven doors are modern details with a powerful purpose. Smart appliance features, such as our video-guided cooking, offer the joy of a perfectly cooked meal by automatically adjusting time and temperature using a smart pan—a modern convenience you didn't realize you needed.

THE DESIGNER COLLECTION

Inspired by fine jewelry, the Monogram Designer Collection features two thought-provoking aesthetics for custom appliances. For owners looking for a bold design, the Brass Collection presents an elegant aesthetic, based on the fundamentals of classical architecture, in gold and polished hues. In contrast, the Titanium Collection presents a contemporary luxury aesthetic rooted in the art of reductionism, with sleek lines and dark-charcoal muted tones.

CREATIVE COLLABORATION

“I wanted to design a product that was thought-provoking and distinctive, and Keeler Brass Company x Monogram made this possible,” said Richard T. Anuszkiewicz, Monogram Creative Director. “These handles are the definition of craftsmanship, and they embody function and beauty.”

The Keeler Brass Company offers rare luxury hardware proudly and wholly designed in-house. The solid brass and bronze products are 100% manufactured domestically in America. For generations, the Keeler name has been a beacon of unrivaled quality and unparalleled craftsmanship. One hundred thirty years since its inception, it is Keeler’s commitment in 2023 to relaunch this brand anew, ushering in a bold era of elegant artistry with the same inherent values as its founding fathers.

“WE ARE THRILLED TO PARTNER WITH MONOGRAM ON ITS DESIGNER COLLECTION TO USHER IN A BOLD NEW ERA OF ELEGANT ARTISTRY.”
