BACKGROUND

Election

- This is the second Local Government (LG) general election under section 85 of the *Local Government Act* (LGA). Amendments to the LGA deferred the election from March 2016 to August 2017. LG general elections are held 12 months after the Legislative Assembly (LA) elections.
- This is the first LG general election that all electors had the option to vote by post or vote early. This was due to legislative change that removed the criteria to lodge an early or postal vote.
- The Commissioner of the Northern Territory Electoral Commission (NTEC) is the returning officer for local government general elections.
- Brian McKivat was appointed Deputy Returning Officer for the Katherine Town Council, 2017 NT Council elections.
- Electronic mark-off system (eLAPPS) was used at all voting centres.
- An election charter **detailing the NTEC's service** commitments was finalised in April 2017 and made available on the NTEC website.
- A Service Level Agreement (SLA) between the Katherine Town Council and the NTEC was entered into on 28 March 2017. This outlined both organisations' roles, responsibilities, election services and costs.

Council

Katherine Town Council consists of one elected Mayor and six elected Aldermen.

As per the SLA, Katherine Town Council provided/undertook the following for the 2017 NT Council elections.

- The council premises for use as a voting centre free-of-charge
- Promotion of the election through social media and council sites
- Promotion of the election by displaying relevant materials in the council foyer and displaying election banners throughout the town.

Boundary changes

There were no gazetted changes to the boundaries or the council ward structure from the 2015 review of electoral representation.

ENROLMENT

At the close of the electoral roll on Tuesday 25 July at 5:00 pm, there were a total of 5,630 electors enrolled for Katherine Town Council. This was an 11 per cent increase on the enrolment of 5,085 at the 2012 General elections.

PUBLIC AWARENESS

Campaign

The public awareness campaign for the 2017 NT Council elections included enrolment and voting information (early, postal, remote and election day) disseminated across social media, television, radio, councils, LGANT, the Department of Housing and Community Development, as well as print and digital platforms. The public awareness campaign began in May and intensified in July until election day on Saturday 26 August.

Website

The 2017 NT Council elections website was launched in early June and this provided comprehensive information for candidates and voters. It also hosted dedicated election results pages, included details on vote counting, and showed all remote, early and election day voting centre information. The website remains live for a number of months following the election.

Newsletter

An election newsletter was emailed regularly to stakeholders including councils and candidates, from 5 May with the final newsletter emailed on 27 August. A total of 12 newsletters and five supplementary emails were sent during this period. The newsletters were also available on the NTEC website with links shared on Facebook and Twitter.

Advertising – print, radio, television

Three advertisements were developed for airing on television, radio, YouTube, Facebook and Twitter: enrol and close of roll (15 secs); early, election day and formal voting (15 secs and 30 secs). The audio versions of these advertisements were interpreted into nine Aboriginal languages and aired across the Northern Territory through the radio stations appropriate to **the language group. These advertisements were also available on the NTEC website, NTEC's** YouTube channel and were heavily promoted through social media.

Print advertising promoting enrolment and providing election information appeared in the Rural Weekly, NT News, Katherine Times and Off the Leash magazine.

Online promotion of these ads also took place with the Rural Weekly, Alice Springs News and Off the Leash. There was also an extensive digital marketing campaign about enrolment, postal and early voting, election day and formal voting that ran from 7 June through to election day, 26 August.

Posters promoting enrolment, nominations and voting were made available to Katherine Town Council to assist in informing electors about the 2017 NT Council elections.

Statutory print advertising providing specific voting information was published in the Katherine Times and NT News.

The Electoral Commissioner also promoted enrolment and the election participation through 39 interviews with Northern Territory media including ABC Darwin and Alice Springs, Channel Nine, Territory FM, MIX104.9, Aboriginal Broadcasting Network, CAAMA radio and the NT News.

Call centre

A call centre was established on Wednesday 2 August and ran until Monday 28 August. Staff assisted electors with a variety of election enquiries during this period.

In addition to the face-to-face information session, the NTEC in conjunction with LGANT, Dept. Housing and Community Development and the City of Palmerston, developed and produced a short YouTube video explaining the nomination process and candidate requirements relating to the election. This was available on the NTEC & LGANT websites.

Email and SMS

Email and SMS was used to contact 2,020 electors in Katherine whom provided these details on their enrolment form. Across the Northern Territory, 30,000 emails were sent advising electors about early and election-day voting centres. There were also SMSs with mobile voting information sent to 20 communities, with 1,607 SMSs sent to Katherine electors and four sent to Binjari electors.

Electronic voter mark-off

An electronic voter mark-off system is now used in all voting centres across the Northern Territory. The system records when someone has voted anywhere in the NT in real time. The voter mark-off system also alleviates the necessity to have paper certified lists therefore improving efficiencies in voting centres when finding voters on the electoral roll.

Early voting centre

Legislative changes in 2015 allows all electors the option to vote early without the need to meet any eligibility criteria. Overall there is a trend towards voting early across the Northern Territory. Early voting services were provided at the Katherine Shopping Centre from 14 August to 25 August 2017 (including Saturday, 19 August). Votes for Katherine Town Council were also issued at other early voting centres across the Territory.

There were 191 postal votes issued for Katherine Town Council. A total of 108 (57 per cent) were admitted to the count. A further 31 (16 per cent) were rejected and/or cancelled.

Postal votes admitted to the count are contained in a declaration envelope. There could be a slight difference in the numbers admitted to the count and the actual counted figure as there is no guarantee that the returned declaration envelope contained a ballot paper. Some electors who applied for a postal vote ultimately decided to vote in person.

Remote voting team

ELECTION

Voting

The voting system for local government elections is Proportional Representation (PR):

- Electors must number all the boxes on their ballot paper sequentially starting with the number one for their first choice.
- First preference votes for each candidate on formal ballot papers are counted, then a quota is calculated.
- The quota is the total number of formal ballot papers plus one, divided by the number of vacancies.
- The candidates with votes equal to or greater than the quota are elected. If all vacancies are filled, the election is complete.
- If not, preferences are distributed to the other candidates until all vacancies have been filled.

To learn more about the PR system, go to the [vote counting](#) page on the NTEC website.

Vote counting – election night

Vote counting began immediately after the close of voting at 6:00 pm on election day, Saturday 26 August 2017. A count of first preference votes for Mayor and alderman was undertaken at each voting centre. First preference votes cast at early voting centres and remote voting teams were counted at the Darwin scrutiny centre.

Post-election night scrutinies

A recheck of votes from voting centres was undertaken during the week after election day, followed by a count of declaration, absent and further postal votes.

Vote counting for the Mayor vacancy was completed manually and votes received for the alderman vacancies were entered into an electronic count system (Easy count) and then re-entered for verification purposes.

Voters that applied for a postal vote were expected to complete their ballot papers by 6:00 pm on election day, Saturday 26 August 2017. Postal ballot papers then had to be received by 12:00 noon, Friday 1 September to be included in the count.

Determination of the quota and the distribution of preferences took place after the cut-off for the return of postal vote ballot papers. Election results were made available on the results pages of the website on Friday, 1 September 2017.

Election costs

The SLA estimated the cost of the election for Katherine Town Council to be \$87,503. Following the election, the costs are \$93,046 with a difference of \$5,543. This was attributed to additional costs associated to the hiring of the Katherine East Primary School as a voting centre and early voting centre OIC costs.

Summary of election costs

ELECTION AREA	COSTS
Public awareness	\$15,063
Staffing	\$33,844
Premises	\$4,700
Operational costs	\$39,439
TOTAL	\$93,046

ISSUES OF NOTE

Staffing

- As a result of the designated early voting centre OIC leaving Katherine, in consultation with council, it was determined that a replacement OIC from Darwin would be sought. This was undertaken after various options were canvassed, including identifying whether suitable staff could be used from council or the RAAF base. Facebook advertising was also undertaken, to no avail. This attributed to an additional \$3,500 to the estimate.
- All votes issued at the Katherine early voting centre were counted after 6:00pm on election night. Resources allocated to the task **didn't** take into account the large number of alderman candidates and the count took longer than anticipated. In the future, adequate resources will be identified to counteract this issue.

Complaints

- A complaint was received from a candidate regarding the inability to canvass for votes at the early voting centre located in the Katherine Shopping Centre. The EVC was located in a venue that was convenient to electors. The landlord does not permit political canvassing at the shopping centre. This EVC location is well supported by voters enrolled in the Katherine Town Council area.

Informality

- In the post-election phase, once the 21-day period for objections had expired, a survey of informal ballot papers for Katherine Town Council Mayor and Alderman was conducted.
- A total of 134 informal votes for Mayor and 302 for Alderman were identified. During the informality survey it was identified that 80 per cent of the total informal votes (436) were considered intentionally informal. The remaining 20 per cent were considered unintentionally informal.
- The number of unintentionally informal ballot papers could be attributed to the large number of candidates (12) where voters either duplicated numbers or missed the sequence. The NTEC attempted to assist voters in casting a formal vote by advising electors that all boxes must be numbered sequentially.

Non-voters

- Approximately 1,966 (35 per cent) of enrolled electors were identified as failing to vote in the 2017 NT Council elections for the Katherine Town Council.
