We Care

OMNI Group of Hospitals

One of India's fastest growing healthcare service providers.

OMNI Hospitals, one of India's fastest growing healthcare service providers and also one of the most economical, is set to emerge as a global industry model for its ability to reconcile quality, affordability, scale, transparency, credibility and profitability. With all super-specialty tertiary care facilities that the medical world offers, it is now a one-stop destination for all.

OMNI Hospitals is racing towards the goal of providing healthcare to everyone on its two healthy legs - affordability and accessibility, growing stronger with time. Affordability grows stronger on cost reduction in administration through economies of scale and taking advantage of contemporary technologies. Accessibility strengthens as OMNI Hospitals relentlessly continues to expand from a 120 bed hospital to a 750 bed hospital in a span of four years.

OMNI Hospitals

OMNI Network

From a humble beginning of a 120 bed hospital in 2009, OMNI Group of Hospitals has grown to become a 700 beds healthcare conglomerate in 2015 with 5 hospitals located in Kothapet, Kukatpally, Chapel's Road (Hyderabad), Vizag and Kurnool. OMNI Hospitals is planning to expand its operations to other cities across south and east India in the coming years. The plan is to take the number to 2,000 beds by 2018.
