- Cards

Typical cost allocation per project

- Readers (25%)
- Controllers (25%)
- Cards (5%)
- Software (10%)
- Locks (10%)
- Cables (25%)

With a Kisi upgrade you'd save 65%

Easily bring your existing credentials to the cloud

Kisi layers on top of your existing access control solution with the Wiegand board so you can reap all of Kisi's modern features and benefits.

Kisi's Wiegand solution allows you to layer a more modern approach to facility management on top of your existing legacy system.

No wiring replacements or need for expensive contractors. Now, everyone can experience Kisi, given the zero business downtime and the ease of installation reversion.

Move your access control system to the cloud without investing in all new hardware, wiring, or contractors. You get to keep your standard Wiegand readers while enjoying Kisi's intuitive dashboard.
