

Prime Source®

GLOVE CATALOG

Gloves are an essential piece of a Food Safety program along with washing hands properly and the proper preparation and storage of foods. There are only a few remaining states that do not require the use of gloves or another protective barrier while preparing or serving ready-to-eat foods. Foodservice and Grocery operations that have workers wearing gloves project a message of Safety and Trust to their customers.

Prime Source® is reintroducing and expanding our disposable single-use Gloves offering to include innovative product options, a new assortment (inclusive of Exam Grade gloves), new packaging and a new logo. Prime Source® is a leader in the Gloves category in the markets of Foodservice, Grocery, C-Store and Jan-San. We are offering new product innovations such as our new Value Nitrile line and our Hybrid Poly offerings to meet the growing demands for high performance and value.

Choose your Glove. Choose Prime Source®.

* Latex Regulations Note: Latex gloves are made from natural rubber latex. There are strict regulations around the use of Latex gloves in foodservice in various U.S. States. As of 1/2020, the list of states includes California, Ohio, Arizona, Connecticut, Hawaii, Oregon and Rhode Island. Please consult with your Prime Source sales representative for alternate product options such as Nitrile or Vinyl gloves.

Nitrile gloves offer versatility and work well with a wide range of foods including raw meats, citrus and sauces. Nitrile is also the best material choice for general housekeeping and working with basic cleaning agents. Nitrile gloves provide a comfortable form-fit and are Latex-free to allow for operators with a Latex allergy to work safely and comfortably.

PRIME SOURCE® SELECT - BLUE

ITEM NO.	SIZE	DESCRIPTION	COLOR	CS PK
75001319	SM	Powder Free	Blue	10/100
75001320	MD	Powder Free	Blue	10/100
75001321	LG	Powder Free	Blue	10/100
75001322	XL	Powder Free	Blue	10/100

Synthetic Vinyl gloves improve upon standard Vinyl gloves by improving glove softness, dexterity and hand fatigue. The gloves are closer to a latex feel but without the allergy risks associated with Latex. Synthetic Vinyl works well for food preparation, catering and general serving and plating of foods.

SYNTHETIC vinyl

PRIME SOURCE® SELECT
