

Investing for Success

**Under this agreement for 2022
Queensland Academy for Science Mathematics and Technology
will receive**

\$344 366*

This funding will be used to

- Exceed national benchmarks for Naplan in numeracy and literacy.
- Reach 100% lift across all subjects
- Exceed world average GPAs
- Exceed world average stretch results

Our initiatives include

- Provide allocated time for the facilitation of collective teacher efficacy- *defined as the "collective self-perception that teachers in a given school make an educational difference to their students over and above the educational impact of their homes and communities."* Tschannen-Moran and Barr(2004)
- Provide small group tutoring programs for students in Years 9, 10 and 11
- Provide Homework support programs for students in Years 7, 8 and 9
- Provide an intervention program for Year 12 students (Lift) in targeted areas
- Provide an extension program for Year 12 students (Stretch) in target areas
- Provide intensive support to identified students across all year groups

Our school will improve student outcomes by

- Opening classrooms in order to facilitate collaborative practices; for teachers to focus on meeting every students' needs in learning and wellbeing
- Providing time for collaboration through a genuine professional learning community
- Regularly monitor and respond to student performance data
- Providing focused support to identified students in order to improve their learning and wellbeing

Funding:

Intensive Support	\$ 105 800
Inclusion support	\$ 64 000
Additional staffing to support collective teacher efficacy	\$ 174 566
Total	\$ 344 366
