Research in Transport Economics – Annual Information Bulletin , volume 28, November 1996 Paris, 1996	out of print

This annual Bulletin, produced by the ECMT Documentation Centre, presents a survey of current research on the social and economic aspects of transport in over 400 specialised agencies which are mainly European but in some cases American, Canadian or Australian. This survey enables specialists to ensure greater co-ordination of their work and provides the public with a means of monitoring trends in research in transport economics.

Published annually from 1969 to 2000

1.5 - SYMPOSIA

Organised every three years by the ECMT, the Symposia aim to stimulate further thinking on the part of decision-makers, operators and researchers on themes of both current and future relevance to transport economics. The publications based on these symposia include reports and a synthesis of the debates.
