Introduction

In the following pages you will find a presentation of the swimming competition (50m) at the FINA World Championships held since 1973 with the standings of the first three places at all events followed by several classifications which are listed either by the number of titles or medals by swimmer or National Federation.

It should be made clear that these standings only have a historical aim and not any sporting significance. Indeed, the comparison between the achievements of swimmers of different generations is always unfair for several reasons:

1. The period of time with different calendars: The World Championships (50m) were organised irregularly (1973, 1975, 1978, 1982, 1986, 1991, 1994, 1998, 2001, 2003, 2005, 2007, 2009, 2011, 2013, 2015, 2017, 2019)
2. The evolution of the programme

LIST OF ABBREVIATIONS

The abbreviations used for each National Federation are included at the end of this volume. However, for Germany during the period of 1986-1991, the abbreviation FRG was used for the Federal Republic. The acronym TCH was used for Czechoslovakia (CZE+SVK). Russia was part of USSR until 1991.

Since 1973, the World Championships (50m) have been organised 18 times. The next edition will take place in 2021 (July 16 - August 1) in Fukuoka (JPN):
