WHY ROAD LESS TRAVELLED

There are plenty of excellent content creators and blogs out there. There's a lot of adventurers armed with GoPros who have made travel their life and create great media capturing their experiences. So why Road Less Travelled? What makes Ben's work different?

Ben is not simply a content creator and Road Less Travelled is not simply a blog. He is a creative and talented artist capable of bringing together the craft of writing and the art of media production in a way that blends seamlessly creating an immersive experience for the reader. His work isn't simply a blog with 'how-to' tips, 'where to stay' advice or 'top ten' style click-bait articles. Road Less Travelled is experiential travel, thought-provoking psychology and awe-inspiring cultural journeys. Ben writes and photographs in such a way that the reader gains an emotional and sensory experience of a destination, concept or idea without needing to travel anywhere. Of course, his work still has all the details that help people make the right decisions when travelling the globe however, it's much more than that.

Ben's experience in psychology and philosophy give him an ability to articulate his experiences in an incredibly vivid and unique way. It's this journey of story-telling, imagery and footage that takes readers away and this is what makes Road Less Travelled so unique.
