SEYKA

Seyka is a tenacious and highly skilled marine of the Quen tribe chosen for their expedition across the Great Ocean.

Since a violent storm split the fleet in two and stranded Seyka's group among the deadly Burning Shores, she has gone above and beyond her duties to keep her people alive.

With much of her group now disappearing among the shores, including her beloved sister, Seyka will stop at nothing to find the lost Quen. But she'll need Aloy's help to do it.

▲ FACE

Seyka has a faint diagonal scar above the bridge of her nose, between her eyebrows. The only make-up she applies is dark eyeliner applied with a short wingtip.

Brown eyes

▲ HEADPIECE RIGHT

Seyka wears an embellished Focus taken from the body of a dead Diviner.

This unthinkable breach of Quen custom shows the lengths to which she is willing to go to find her sister.

Her hair is held in a high ponytail by a hairband made from wool and machine parts, adorned with fish leather.
