The Problem

Danier Leather approached Spacefile to design and manufacture a high density mobile storage system that would maximize the capacity of their back room.

The Solution

Spacefile developed a cost effective solution that would maximize storage capacity. The LT 4-Post system was the perfect solution because it is fully adjustable, expandable and is ideally suited for retail applications.

Danier Leather

Contact Spacefile for a customized high density storage solution today.

ABOUT SPACEFILE:

Spacefile International Corp. is a leading North American manufacturer of High Density Storage Solutions. For over 40 years, we have offered storage solutions to a wide range of markets including commercial, health care, government, education, institutional, retail and many other custom applications. As Spacefile continues to grow, so do our product offerings. Contact Spacefile to maximize your storage capacity and utilize space more efficiently.

WHY SPACEFILE:

Spacefile offers a completely finished solution for all your storage needs. From consultation to the installation, the Spacefile team is all you need.

Our expert design team is available to work closely with you to develop a system for your space and needs. Our design software can provide you with accurate high definition 2D and 3D rendering capabilities and the exact number of storage inches. Our pricing is presented in a simple comprehensive format with delivery and installation included.
