

# Parent Portal Registration

The myStudent parent portal is a tool designed to enhance communication and parental involvement. This portal will allow you to monitor your child's progress in school by providing access to academic, attendance and test history information, as well as teacher communication options.

For the protection of your child's confidential information, we have created the following secure procedures for establishing a parent portal account. We will no longer require the last 4-digits of the student's Social Security Number.

To create your Parent Portal Account, you are required to enter:

- Parent Pin Number
- Student ID Number
- Student Birthdate

If you are in need of any assistance with setting up a parent portal account, submit your inquiry to your student's school or submit an email to [myStudenthelp@pasco.k12.fl.us](mailto:myStudenthelp@pasco.k12.fl.us). This is Pasco County School's ticket system, which is monitored by multiple team members to ensure your questions are answered in a timely manner.

***Note:** Students will **NOT** need to set up an account, their access is automatically generated through the myPascoConnect student portal, which students will learn about during the beginning of the school year.*
