

**Additional File 3.** Trialist graphs available at the Result Review Session

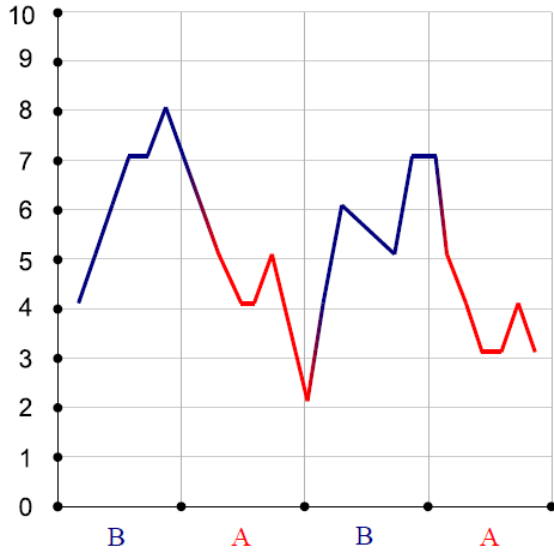

**Comparison of Treatments**

**Any NSAID (e.g., ibuprofen, naproxen, sulindac)**

**Tylenol (acetaminophen)**

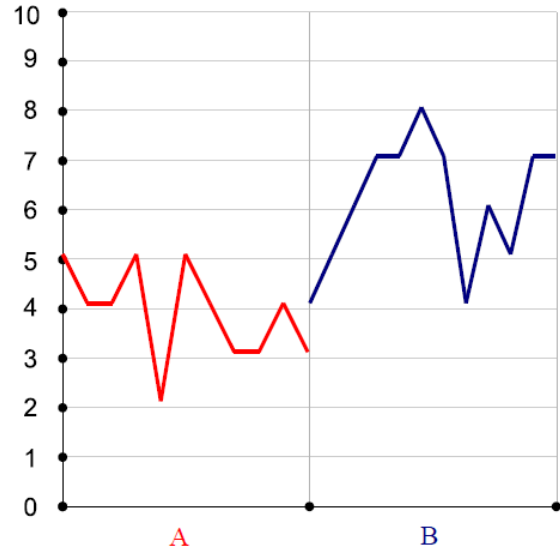

**Pain Intensity Chronology**

(Zero is no pain)

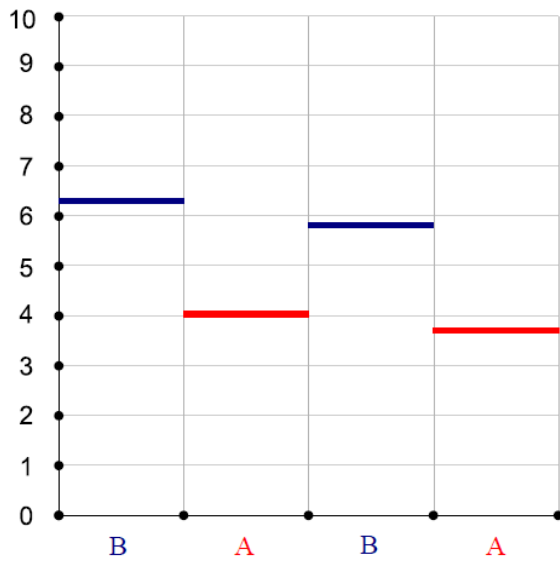

**Pain Intensity by Treatment**

(Zero is no pain)

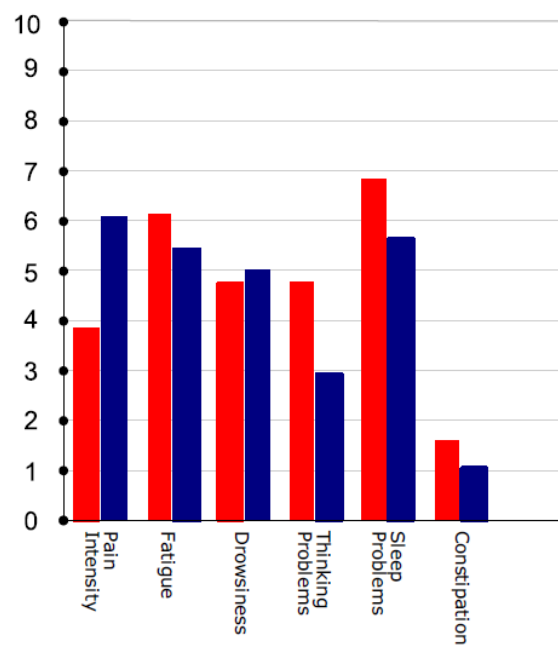

**Pain Intensity Average**

(Zero is no pain)

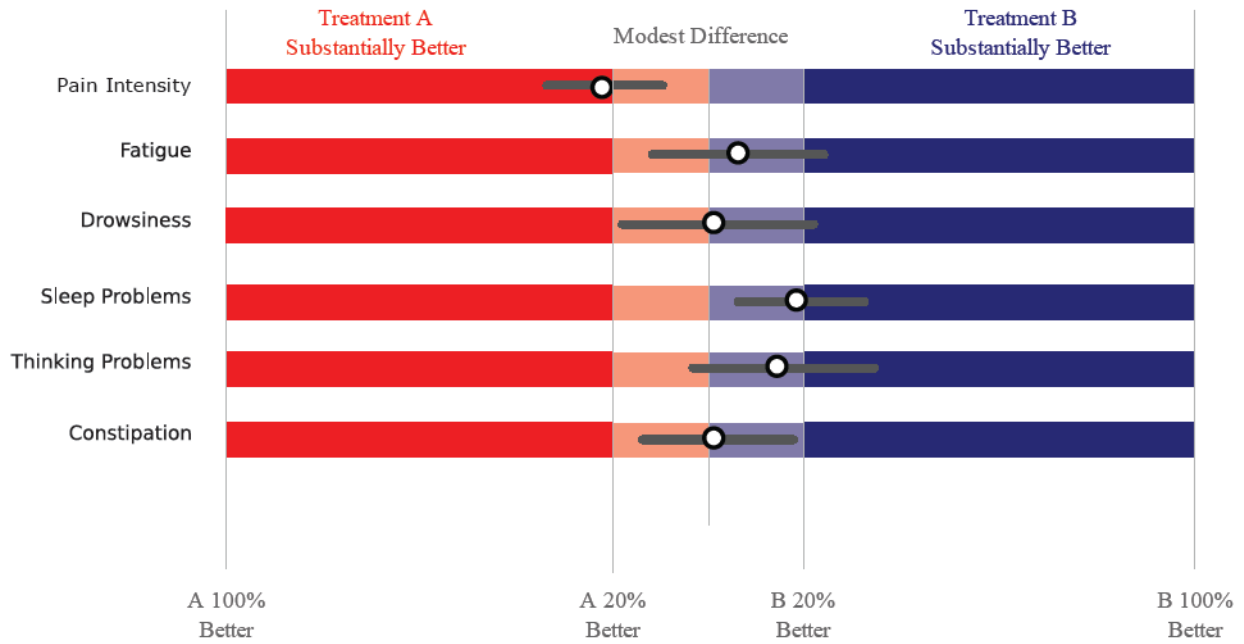

**Averaged Secondary Outcomes**

(Shorter bar is better outcome)

### Estimated Difference Between Treatments (Bars Represent Margins of Error)

### Likelihood That One Treatment is Better Than the Other
