**Author's response to reviews:** see over

Dear Editor!

We have made all the changes that you required. The changes are marked in red in the manuscript and a point by point are listed below.

1.) Kindly remove the Title Page in the additional file and please incorporate it in the main manuscript file. **D O N E**

2.) Also, please add the "Abstract" section: **D O N E**

3.) Please add "Acknowledgements" Section: **D O N E**

4.) Consent statement: Please state in the Methods section **whether written informed consent for** participation in the study was obtained from participants or, where participants are children, a parent or guardian. **D O N E**

5.) We note that Figure 1 contains individual patient in ages which could compromise anonymity. Please clarify if you obtained consent from patients for publication of their in ages. If not this figure will need to be removed. **We have obtained consent from patients for publication of these in ages.**

All the best

Sofia Brorsson
