

# TOP THINGS TO KNOW BEFORE GETTING A NEW ROOF

## PRE-CONSTRUCTION EVALUATION

### 01. BE PREPARED FOR NOISE

ROOFING CREWS WILL MOST LIKELY START ON YOUR ROOF IN THE MORNING. FOR THE DURATION OF YOUR ROOF'S BEAUTIFICATION THERE WILL BE CONSTANT CONSTRUCTION NOISE.

### 02. MOVE LOOSE ITEMS

FROM WALLS AND SHELVES SUCH AS PICTURES, PLATES, FIGURINES, & OTHER BREAKABLE DECOR. HAMMERING MAY CREATE VIBRATIONS THAT CAN SHAKE ITEMS OFF WALLS & SHELVES INSIDE.

### 03. PROTECT THE OUTSIDE

WATCH OUT FOR ROOFING DEBRIS. MOVE PATIO FURNITURE, POTTED PLANTS, GARDENING EQUIPMENT, GRILLS, ETC. WE TAKE PRECAUTION TO PROTECT YOUR THINGS; HOWEVER, BUNDLES AND SHINGLES MIGHT FALL.

### 04. WE NEED OUTLETS

WE MAY NEED TO USE POWER TOOLS FOR DECKING REPAIR, RIDGE WORK, OR VENT INSTALLATION, SO PLEASE BE PREPARED TO PROVIDE AN OUTLET FOR OUR USE.

### 05. CLEAR DRIVEWAY

WE WILL NEED ACCESS TO THE DRIVEWAY IN ORDER TO LOAD THE SHINGLES & DURING THE CLEAN UP PROCESS. THINGS FALL, SO PLEASE PROTECT YOUR VEHICLES, CARS, BOATS, BIKES, ETC. AWAY FROM THE HOUSE & GARAGE WHILE WORK IS BEING DONE.
