Sunbelt Solomon has demonstrated that their products and services meet the criteria for BABA compliance, which include sourcing, remanufacturing, and processing of materials primarily within the United States. The adherence to these standards ensures that the company supports the objectives of the BABA program, promoting the use of American-made materials and fostering domestic job creation.

Based on Section 70912(6)(B)(ii) of the BABA Act, as long as “the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product...” the product is BABA Act compliant. Based on this definition, **Sunbelt Solomon is compliant with the BABA Act.**
