Your best options are the **ACT** and the **paper SAT**. Focus on the exam that is better suited to your content knowledge and test-taking style.

Your best option is the **ACT**—unless you had an amazing experience on the digital PSAT. To be safe, try to avoid the earliest administrations of the digital SAT.

TEST FORMAT

I NEED TIME TO WARM UP AND FIND MY GROOVE AS THE TEST GOES ON.

Your best option is the **digital SAT**. The shorter overall testing time, more relaxed pacing, and adaptive nature of the exam should be a good fit for you.

Your best options are the **ACT** and the **paper SAT**. Consider your testing timeline to determine if the paper SAT is feasible for you or if the ACT is a safer bet.
