Icons in Community Guide Analytic Frameworks

Icon	Interpretation
	Intervention
	Outcomes considered for conclusions on effectiveness and recommendations regarding use
	Other intermediate outcomes/variables (not considered for conclusions on effectiveness and recommendations regarding use)
	Population
	Key potential effect modifiers (affecting causal relationships)
	Additional benefits/Potential harms/Disparities
	Unidirectional block arrows are applied between intervention and population icons
	Unidirectional arrows for causal relationships
	Bidirectional arrows show feedback loops
