Welcome Message

Welcome to the Tidy Towns & Cities Sustainability Awards for 2024!

This year marks Keep Australia Beautiful Victoria's (KABV) 42nd year of rewarding and recognising the councils, communities, organisations, and individuals that are working tirelessly towards a more sustainable future. Over the years we have been showcasing projects and programs around litter, waste, indigenous heritage, education, community, environment, energy, heritage and culture, wellbeing and individual achievement. These initiatives empower people, change behaviour, protect the environment, reduce waste, engage youth and indigenous communities, and promote community spirit and resiliency across Victoria.

So, what does a sustainable future look like for Victoria? While sustainability means different things to different people, we here at KABV take a holistic approach in its definition and say that sustainability is the consistent drive to improve our relationship with the environment while creating a better way of life for all. Keeping this front of mind, the defining and most crucial element of any winning initiative is that it achieves harmony between economic, social, and environmental needs, and that it is innovative in its design, inclusive in its planning, and effective in its approach.

When we think about sustainability in this way, we are capturing the true essence of what it means to be crowned the next Tidy Town, City, or the next category winner. These awards are an opportunity to reflect on all the amazing achievements from our entrants as much as they are an opportunity to learn from each other's experiences.

I wish all the entrants the best for their future sustainability endeavours, and we look forward to showcasing the fantastic projects happening across our state.

Warm regards,

Emma White

About Tidy Towns & Cities – Sustainability Awards

The Keep Australia Beautiful Victoria Tidy Towns & Cities – Sustainability Awards have been recognising and rewarding projects and actions in Victoria since 1982. The Awards have grown to be much more than about keeping a community “tidy”. The awards have adapted over the years into the holistic awards program it is today and we recognise achievements across 10 categories that contribute to a sustainable, resilient and beautiful town or city.

Towns and cities are encouraged to enter into as many categories as they can to be in the running to be the overall Tidy Town or City of the Year. This award is based off judge's scores for individual community projects that are entered.

Award Streams

Tidy Towns & Cities is open to any organisation or individual in Victoria. The program is divided into two award streams:

TIDY TOWNS SUSTAINABILITY AWARDS

For initiatives delivered by an individual or an organisation located in a regional or rural shire council.

STREAM 1

TIDY CITIES SUSTAINABILITY AWARDS

For initiatives delivered by an individual or an organisation in a city or rural city council.

STREAM 2

Entry Guidelines

The awards are open to any project whether it is a new or ongoing project. However, if it has been entered into the awards before there should be evidence of new additions or improvements that have been made since its last submission.

Entries open 28 February 2024 and will close on 17 May 2024 at midnight. After this time no further updates, entries or nominations can be made.

Judging begins in July. Each individual category is assessed by a panel of three expert judges via Microsoft Teams. Once the dates of the assessments have been determined, please ensure a representative of your project is available at the time scheduled. Judging will take 20 minutes per project.

To help us promote your projects and to give the judges as much context as possible, please provide 2-4 high resolution photos (min of 2MB). You will also be given the opportunity to attach a video, larger video files will need to be shared via a link. Please ensure you have permission from anyone featured in your photo's or video's. If you do not have permission we ask that you upload images without people in them.

Any photos with children under the age of 18 will be required to upload a document giving us permission to use. If you are not the parent/legal guardian, you must obtain their permission and have them sign the form to be uploaded. If you do not have their permission, please do NOT upload the image.

Tidy Town or City of the Year

Towns and cities are encouraged to enter into as many of the 10 categories as they can to be in the running to be the overall Tidy Town or City of the Year. This award is based off judges scores for individual community projects that are entered.

National Tidy Towns Awards

The Winner of the overall Victorian Tidy Towns Award will automatically be entered into the National Tidy Towns Awards. The categories for the National Awards are slightly different to the Victorian Tidy Towns Awards, however we have ensured that there is overlap.

National Categories	Victoria Corresponding Categories
Litter	Litter
Young Legends	Young Legends
Behavior Change Campaigns & Education	Behaviour Change Campaigns & Education
Waste Prevention and Reduction	EPA Waste Prevention & Reduction
Heritage and Culture	Heritage and Culture/Indigenous Culture
Environmental Sustainability	Energy/Environment
Dame Phyllis Frost (local legend)	Dame Phyllis Frost
Community Health, Wellbeing & Interest	Community/Wellbeing/Indigenous Culture

The Victorian Tidy Town Award winner will automatically be entered into the 2025 National Tidy Towns Awards.

Assessment Guide

These questions and weightings are designed to structure the judges scoring of each project and will provide all entrants a better idea on what our judges are looking for. This guide is to help you identify the important aspects of your initiative, you are not required to answer all of the questions below.

Project Summary/Objective

(Worth 10% of the marks)

- Has the entrant properly defined their initiative?
- Has the entrant stated the driving forces to commence this initiative or approach?
- Does the entrant have an X Factor? The X-Factor is considered throughout Learnings, Results and Legacy.

Learnings

(Worth 30% of the marks)

- Has the entrant detailed their journey of achieving their sustainable approach?
- Has the entrant been transparent about the challenges, if any, and how they were able to overcome them?
- Has the entrant stated their goals, and have they been successful in achieving them?
- Has the entrant discussed the importance of partnerships, associations and consultation in achieving their goals? Where they transparent about any barriers they had to overcome?

Results

(Worth 40% of the marks including a 10% assessment against the Sustainable Development Goals)

- Has the entrant explained their results and how they have measured them?
- Has the entrant demonstrated real results over the past two years (this can be based on a build up from previous years)? Are they measurable and if possible proven?
- Has the entrant been successful at communicating their success and challenges and how they have generated interest in this area internally and externally?
- Does their initiative or approach exemplify disruption, innovation and leadership?
- Has the entrant explained how their initiative or approach effectively works towards the relevant SDG targets?

Sustainable Development Goals

(10% of the **Results** criteria)

- Are the SDGs just being used for branding or an aspirational exercise? Or have they understood and applied the SDGs/targets to what they are doing?
- Is there any evidence of specific indicators or metrics that relate to the SDGs/targets being used in their project/initiative/approach?
- Are results presented in terms of the SDGs/targets?
- Are they using the SDGs to push the boundaries and transform how they do things?
- Have they used the SDGs/targets to engage their stakeholders, namely staff, customers, community and others?

Legacy

(Worth 20% of the marks)

- Is the entrant's initiative or approach scalable, i.e., can it be further rolled out across their organisation, peers/sector, locally, regionally, nationally and even internationally?
- Has the entrant considered the future of this initiative? And what the type of legacy is that can come out of this initiative?
- Is this project restricted by budget, personnel, or passion?

Question	Answer
Which stream should I be in, Cities or Tidy Towns?	<i>Your entries will be placed into the correct stream by KABV. This is determined whether you live in a Shire Council or City Council.</i>
If my initiative is multidisciplinary and I'm not sure which category it belongs in, can I enter the same initiative in multiple categories?	<i>You must choose the most appropriate category for your project to be entered into.</i>
Does my initiative have to be completed in order to enter?	<i>No! If your initiative is underway, we want to hear all about how it's progressing.</i>
If my program began over two years ago, but it is still operating, can I enter?	<i>Yes! We just require that something new has been implemented within the last two years.</i>
Can I enter the same category with multiple projects?	<i>Yes, as long as each project is uniquely different.</i>
Who can I contact if I have any questions relating to my entry?	<i>You can contact our Program Manager Emma White emma.white@kabvic.org.au</i>
My project is operating in multiple locations, which town do I say it's from?	<i>In this case, nominate the town in which you or your organisation are based, whether that's an office location or a place of residence. Please make a note in your description which towns/cities you operate in. We will ensure all towns/cities are scored appropriately when scoring overall winners.</i>
I entered a project last year, can I enter again this year?	<i>Yes! Just be sure to demonstrate that you have made progress on your project in the last 12 months.</i>
