

Xipron Inc. Intellectual Property Program.

Xipron Inc. a FL corporation (“Xipron” or TiendaMIA”) fully owns TiendaMIA, this domain is an eCommerce Marketplace.

We take seriously any IP (Intellectual Property) infringement. For this we have in place a program to report abuse or misuse of IP.

All of our domains are operated and hosted in the United States of America. We only recognize the jurisdictions of Florida, USA or Delaware, USA.

We will do the best efforts to communicate to the seller/vendor your claims.

All images and content published in TiendaMIA.com are hosted in the Sellers/Vendors servers. If you provide proof of any IP infringement, we will do our best efforts to report your claims to the sellers and to put these sellers in contact with you. **Please check the source of the content in each product page before report.**

Only the IP rights owner, or somebody authorized by the IP rights owner, can report potentially infringing items or listings through TiendaMIA’s IP Program.

If you are not the IP owner, or authorised by the IP rights owner to report potentially infringing items or listings through TiendaMIA’s IP Program, you can still help by getting in touch with the rights owner and encouraging them to contact us.

To secure your communication, Xipron requires all brands to fulfill a claim form with the documentation that justifies the ownership of IP and the claim.

If you have a good faith belief that any of TiendaMIA’s content infringes your copyright, trademark or other intellectual property rights, here's how to report it:
