

Introduction

TRCA's Fee Schedule for Planning Services was approved by TRCA's Board of Directors by RES.#A 175/22 on November 10, 2022. The Fee Schedule adheres to the Ontario Ministry of Natural Resources and Forestry "Policies and Procedures for Charging of Conservation Authority Fees," TRCA's Fees Policy/Guideline 2010 and the range of planning services consistent with TRCA's Memorandums of Understanding with area municipalities.

The Fee Schedule includes a broad spectrum of fee categories within each application type to accurately cover the scale of work. The lower fees apply to minor and less complex applications, and modest scale efforts. Higher fees apply to more complex applications requiring a higher level of planning and technical review. This Fee Schedule provides a layered approach, in which base fees are presented in the categories in the front portion of the fee schedule, with additional fees for specialized work in the back portion. These additional fees, (e.g., additional technical review, site visits and meetings) beyond the base fees, may apply. Where possible, TRCA staff will identify as early as possible when additional fees are necessary. We recommend that applicants with more complex applications familiarize themselves with the additional fees that may apply. The Fee Schedule also includes fees for services that assist with streamlining processing and approval for the applicant, such as phased approvals, expedited review, red-line revisions (where possible), and project management assistance.

Administration of Applications and Fees (General Notes)

1. All applications must be deemed complete by TRCA, inclusive of fee submission, prior to commencement of the review process.
2. All planning application submissions and associated fees are administered through the Development and Engineering Services Division of TRCA.
3. A pre-consultation meeting with the municipality and TRCA staff to determine the scope of issues for the planning application should be held. TRCA processing fees will be determined based on a predetermined scope of work. If the scope of the application changes throughout the review process, then fee adjustments will be determined.
4. General inquiries and applicability of fees will be directed through TRCA's planning Senior Managers or Associate Directors on issues of interpretation and scoping of work requirements.
5. Fee appeal process - Any dispute of fee calculations that cannot be resolved through consultation with TRCA's Associate Director, Development Planning and Permits, or the Director, Development and Engineering Services, can be directed to the CEO's office.
6. Any refunds, where applicable, will be approved by the Associate Director, Development Planning and Permits, or the Director, Development and Engineering Services.
7. The application fee will be paid at the time of filing an application to the municipality. The clearance fee will be paid directly to TRCA prior to a request for final clearance of an application. All payments must be made within 30 days of TRCA notification in writing. If application fees have not been paid at the time of submission of the application, fees will be assessed in accordance with the fee schedule in place at the time in which payment occurs. Interest will be charged and accumulated beyond 30 days.
8. Re-submission fees must be paid prior to final clearance of an application. Only one set of fees applies when processing and reviewing combined application (e.g., a combined Official Plan Amendment, Zoning By-law Amendment and Subdivision application), however, **planning and permit fees are separate**. For combined planning applications, the highest rate of fees applies. Separate fees apply if the applications are received more than 3 months apart. For Minor Concept Development applications (only) that are immediately followed by associated permit applications, a credit of up to \$100 of the Minor Concept Development fee may be applied to the permit application, at the discretion of the TRCA Planner.
9. TRCA reserves the right to request additional fees or adjust fees should the review require a substantially greater level of effort or for development application scenarios not captured in the Fee Schedule. Custom fees will be negotiated for optional expedited review or unique circumstances for large scale or complex review efforts. Peer reviews may also be required for shoreline works, geotechnical and specialized modeling which, if required, will be charged to the applicant. TRCA reserves the right to re-assess fee requirements after one year of processing planning applications. Additional fees can be charged after one year and for applications still in process for which applicant-driven delays have been experienced.
10. TRCA reserves the right to adjust fees to reflect new planning or regulatory legislative requirements.

11. Base geotechnical and hydrogeology review is included. Applications will be subject to an additional fee for complex reviews and advisory services. TRCA will inform applicants as early as possible in the process.
12. Any application that is inactive for 2 years or more is considered dormant by TRCA and a new application (or top-up) for processing and fee purposes is required.
13. Draft Plan of Subdivision
 - a. Refer to Definitions for application category criteria.
 - b. For subdivisions with no Master Environmental Servicing Plan (MESP) produced within the last 10 years, the subdivisions will be considered to be Major or Complex.
 - c. Complex subdivisions without a current MESP will be subject to an additional per unit fee of \$115. Industrial subdivisions without prior comprehensive MESP review will be charged an additional \$515 per hectare. See General Note #9 and #11.
 - d. As the file review progresses, should the issues and review become more complex than originally anticipated, then the fee will correspondingly increase as per scope of work.
 - e. For sites greater than 50 ha, additional fees will be applied; There will be a site-specific discussion on scope of review depending on size and complexity of the specific application.
14. Submissions subject to a municipal collaborative application preparation process further to Ontario Bill 109 shall be subject to a pre-application fee of 70% of the applicable Planning Act review fee, with the remaining 30% due at time of complete application. No refunds shall be provided for the pre-application fee should the project not proceed to a complete application. The pre-application fee is exclusive of any optional concept development application fee applicable prior to proceeding with the municipal application preparation process.

Administration of Master Environmental Servicing Plan (MESP) Applications

The Fee Schedule sets a Base Fee across the jurisdiction as follows:

Proposals 25ha or less:	\$ 8,520 Base Fee
Proposals greater than 25ha:	\$17,035 Base Fee

1. A baseline charge of \$515 per gross hectare is applied to each application. The gross area includes natural systems. For small urban or infill MESP's, a per lot fee of \$115 may be applied in lieu of the gross per hectare charge, at the discretion of TRCA staff.
2. An additional project management fee will be added to cover meetings for committee and team coordination, as well as general meeting sessions (Range \$27,040 - \$54,075).

The following apply to MESP Applications:

1. The Fee Schedule assumes an average 2-year timeframe for MESP completion. TRCA reserves the right to re-evaluate the MESP scope of work and progress related to fee status after a 2-year process. Additional fees will be added for extended timeframes and associated multiple reviews. Payment is due for changes in scope and timeline at the 2-year review date.

Standard and Non-standard MESP/Sub-watershed Studies:

Standard fee agreements - all new fee calculations will follow the base guidelines set herein with associated meeting coordination allowances at the study outset. Timeline schedules and Terms of Reference set with the municipalities and landowners will assist in workflow and anticipated work program completion. All studies will be re-evaluated at the 2-year milestone (or as agreed in a Terms of Reference or upfront agreement) for changes in scope, extent of coordination, and anticipated cost to complete remaining stages of work. Extended project delays may need re-evaluation on an annual basis to fairly determine project progress and adjust work program scoping with the municipality and landowner group participation. All evaluations will be provided in writing. Fees are required to build capacity for complex reviews and to meet service delivery needs for all.

Non-Standard fee agreements - on occasion, study review requirements need to be adjusted to unique circumstances to assist the municipality and/or landowners to meet new conditions or timing considerations. These adjustments need to be incorporated into a non-standard MESP/subwatershed fee agreement to address variables in scheduling, numbers of reviews or staggered submissions, phasing, additional unanticipated technical reviews, updates and transitional files, reasonable expedited requirements. Changes to the base standard costing agreements will be negotiated on a time allowance basis upfront in a new process (when known) or at key annual evaluation milestones in active processes as noted above.

2. A Terms of Reference for the MESP (see TRCA's MESP Guidelines) must be prepared and agreed to by all parties including the municipality, TRCA and the proponent.

**TRCA Administrative Fee Schedule for
DEVELOPMENT PLANNING SERVICES
IMPLEMENTATION GUIDELINES**

November 10, 2022

- All MESP fees are required at the initiation of the study or as negotiated through Terms of Reference and agreement.

The following alternative milestone payment structure still provides the minimum base payment schedule of older MESP agreements and can be adjusted through agreement.

<u>MESP PHASE OF WORK</u>	<u>PAYABLE</u>
a. Preliminary Initiation (at Project start-up) (Scoping of MESP/Terms of Reference Initiation)	Base Fee applies
b. Terms of Reference completion/MESP Initiation (Includes existing conditions report/field work/first MESP submission/review)	50% payable
c. Prior to First Submission Comments	20% payable
d. Prior to issuance of final MESP approval by TRCA (Maximum 3 review submissions)	30% payable
4. All official plan amendment, zoning and draft plans of subdivision fee requirements that evolve out of the Secondary/ Block Plan process and MESP process apply separately as per TRCA's approved Fee Schedule at the time of submission. No additional per lot charges will apply on draft plans of subdivision if an MESP is completed, approved and paid for.	
5. Plans of subdivision that have not been studied under the MESP process will be charged an additional fee of \$115 per unit, over and above the subdivision base and clearance fees (see schedule). Subdivisions not included as part of original MESP/Block Plan approval will be charged on a per unit basis for updated plans.	
6. Construction permits for works under TRCA's provincial regulation are charged separately at the time of detailed design and construction of draft plan components (such as stormwater management facilities, road/bridge crossings, pipe boring and drilling works, stream channel works, etc.).	

Definitions

The following definitions apply to applications to determine fee review category:

- Screening Letter** - projects that do not affect the program or policy interests of TRCA and for which a clearance letter is being requested. Clearance may be provided in an e-mail. Site visits, meetings and technical or policy review are not included; one submission of screening information is included. If the submission materials are updated or amended, a new fee will be applied.
- Screening Assessment** - projects for which a letter is required from TRCA (i.e., is located adjacent to a natural feature or natural hazard area) but the proposal does not affect the program or policy interests of TRCA and technical review comments are not required. One submission is included. If the submission materials are updated or amended, a new fee will be applied. Site visits and meetings are not included. If a site visit or meeting is required, the application will be considered to be Minor, Standard or Major.
- Minor** - projects for which a letter/response is required from TRCA (for properties located adjacent and not within a natural feature or natural hazard area) which may affect the program or policy interests of TRCA, and for which comments from TRCA may be provided. Minor projects may require technical review related to only one technical discipline. Up to two submissions (initial and final) are included. **Minor Subdivisions (less than 5ha)** are those with ten or fewer lots, for which a technical review is not required by TRCA, however, TRCA's participation is necessary (two submissions or a site visit applicable to Minor Concept Development). **Minor Site Plan** are for small-scale projects located outside of all hazards for which a technical review is not required by TRCA, however, TRCA's participation is necessary. All Minor single family categories do not include a site visit, and include only scoped review.
- Standard** - projects that meet TRCA policies and require scoped technical analysis in up to two technical disciplines (i.e., scoped EIS review and/or water management screening and assessment, or standard geotechnical review). Up to one meeting and one site visit with a TRCA Planner and one TRCA technical staff member is included. Up to three submissions are included (multiple submissions not applicable to Standard Concept Development).
- Major** - projects which are significant in geographic area, and/or for which submission of multi-disciplinary technical studies are required to demonstrate that TRCA or partner municipality program or complex policy interests can be met. Major projects generally require more complex ecological, geotechnical, water resource engineering, hydrogeological, or fluvial geomorphic studies and assessment. Major projects may require a site visit and up to two technical team or planning meetings. Up to three submissions are included.

- f) **Complex** - projects for which a full suite of applicable technical studies is required to demonstrate consistency with TRCA or partner municipality program or complex policy interests. Complex projects typically involve extensive modifications to the landscape. Complex projects may also be characterized by one or more of the following:
- i. The need for up to three working meetings and up to three submissions;
 - ii. The need for additional TRCA technical assessments (i.e., technical modeling refinements);
 - iii. Extensive technical study review in one or more of the following: including complex hydrogeological, fluvial geomorphology, natural channel design, wetland interference, environmental impact studies; or,
 - iv. Require more than one day of TRCA fieldwork.
- g) **Additional Site Visit Charges** - unless otherwise stated, site visits are not included in the fees assessed for all screening letters and screening assessments, “Minor” applications in all categories, and Solicitor-Realtor Inquiries. Should site visits be required, or be requested for applications in these categories, additional site visit fees will apply, in accordance with the site visit fees prescribed in this Fee Schedule.
- h) **Incomplete/unconsolidated Submissions** - a submission for review is deemed to be “incomplete” where TRCA has identified requirements, and the application has not met all requirements. The following scenarios are examples of situations in which an application may be deemed incomplete or unconsolidated: 1. Where all technical or supporting studies that are required to meet TRCA’s submission requirements have not been provided with the application; 2. Where component studies are submitted in a piecemeal fashion; 3. Where the findings and analysis in component reports are not integrated in a multi-discipline submission (e.g. where an Environmental Impact Study, Functional Servicing Report, and Hydrogeological report are packaged together and each report has not considered the findings of the others).
- i) **Applicant Driven Formal Modification** - a fee for an “applicant driven formal modification” will be charged where plans are submitted for review after the application has been formally circulated by, or received planning approval from the municipality, and TRCA review is still in progress/on-going.
- j) **File Continuation** - applicable to files that continue beyond two years from the date of submission of the application. At two years, and two-year intervals thereafter, if the applications are still in the review or approval process, application fees will need to be topped-up to current fees in the applicable fee schedule at that time. This is to be completed through a re-evaluation of the status of the application and scope of the review remaining, to review the need for any additional fee requirements.
- k) **Major and Complex Files without Prior MESP (non-subdivision)** - where Major or Complex files, (Rezoning Applications, Official Plan Amendments, Site Plans - not including subdivisions which are addressed separately) submitted without an MESP, and an MESP has not been completed for the area within the past 10 years, additional review fees may apply. At the time of application, where possible, TRCA staff will identify whether additional fees are applicable.

Note: Additional charges will apply for additional meetings or site visits. Additional meetings will be assessed the same fee as additional site visits, inclusive of travel and preparation time, in accordance with the site visit fees identified herein.

Fee Schedule for Planning Services

Application Type	Application Fee	Clearance Fee	Notes	
Block and Tertiary Plans and Master Environmental Servicing Plan (MESP) (Residential & Industrial/Commercial) (All fees will apply for this application type e.g., Application Fee, Per Hectare Fee and Project Management Fee)	Base Fee 25ha or Less	*\$8,520	\$0	*Additional charge of \$515 per hectare for comprehensive MESP. \$115 per lot (small, infill, urban MESP). Refer to Notes related to Master Environmental Servicing Plan (MESP) Applications.
	Base Fee Greater than 25ha	*\$17,035	\$0	
	Project Management Fee	*\$27,040 - \$54,075	\$0	
Concept Development/Property Inquiry - Single Residential Structure	Minor	\$420	\$0	This is not a mandatory application.
	Standard	\$1,055	\$0	
	Major	\$2,460	\$0	
	Complex	\$5,950	\$0	
	Additional Technical Review	\$1,190		
Concept Development/Property Inquiry - Residential Multi-dwelling, Commercial, Industrial, Institutional	Minor	\$950	\$0	
	Standard	\$1,380	\$0	
	Major	\$3,650	\$0	
	Complex	Application Specific fee		
Consent/Severance/Land Division (Per Lot)	Minor	\$1,590	\$0	Refer to General Notes #9.
	Standard	\$2,500	\$0	
	Major	\$3,845		
Draft Plan of Subdivision (Residential/Industrial/Commercial Subdivision)	Less than 5ha			*Minor will only apply to applications meeting all criteria identified in this fee schedule. Refer to General Notes #13.
	*Minor	\$7,155	\$3,195	
	Standard	\$23,850	\$6,870	
	Major	\$38,340	\$18,850	
	Complex	\$57,270	\$18,850	
	5ha to 10ha			
	Standard	\$34,175	\$18,850	
	Major	\$57,590	\$18,850	
	Complex	\$67,325	\$18,850	
	10ha to 25 ha			
	Standard	\$46,070	\$18,850	
	Major	\$59,430	\$18,850	
	Complex	\$67,375	\$18,850	
	25ha and Greater			
	Standard	\$58,780	\$18,850	
Major	\$62,185	\$18,850		
Complex	\$71,435	\$18,850		
Per Unit (if applicable)	\$115/Unit			
Per ha (if applicable)	\$515/ha

Other Applicable Fees

Description	Fee	Notes
All applications located in a Special Policy Area (flood hazard) (will be charged an additional percentage of premium on the applicable fee)	Minor Major 50% 100%	
Applicant Driven Formal Modification (Requiring re-circulation)	Minor Major \$1,620 \$5,410	Refer to Definition i) on page 4.
Additional Geotechnical and Hydrogeology Review and Source Water Protection - (WHPA-Q)	Standard Major \$2,400 \$3,570 - \$5,380	Refer to General Notes #11.
Additional Submissions - Each submission beyond the third submission	Minor All Others \$1,080 \$2,705 - \$10,815	
Additional Technical Team Meeting*	Virtual or at TRCA Office Up to ½ day Out of TRCA Office Up to 1 day \$2,125 \$3,220	*Inclusive of travel time where applicable. Up to 3 staff members. Additional staff members \$520 for virtual/TRCA, \$860 for out of office.
Clearance Fee for Additional Subdivision Phases	Standard - within one year* Standard - with new technical information or beyond one year \$3,290 \$6,275	*Within one year means within one year of original subdivision clearance.
Collaborative meetings and technical review related to settlement, when applicable	\$5,410 - \$21,630	Not a mandatory fee. Dependent upon number of TRCA staff involved, number of meetings and submissions.
Condominium Agreement Clearance - Admin/Registration	\$6,275	
File Continuation (All Files)	Top-up to current cost in fee schedule	Applicable to files that continue beyond two years from the date of submission of the application. Refer to Definition j) on page 4.
File Reactivation	Standard Files Large Files/OMB \$630 \$1,190	To reactivate files that have been inactive for 2 years or more.
Golf Courses, Aggregate Pits or Large-scale Fill Operations	Standard Complex \$25,090 (Base Fee) \$47,695 (Base Fee)	Base Fee - Subject to additional technical review and project management services fees, as applicable. Refer to General Notes #9 and #11.

**TRCA Administrative Fee Schedule for
DEVELOPMENT PLANNING SERVICES
IMPLEMENTATION GUIDELINES**

November 10, 2022

Description	Fee	Notes
Incomplete Submission/Unconsolidated Submission Coordination - Per Submission	Minor \$1,080 All Others \$5,410 - \$10,815	Refer to Definition h) on page 4.
Optional Expedited Review	Per review \$5,410 - \$21,630	
Optional Expedited Review for Clearance for Major files, Minister's Zoning Order (MZO) requests, Ecosystem Compensation, OLT Settlements	Additional 100% premium of applicable fee	
Optional Terms of Reference Review (EIS, Provincial Plan conformity, Master Plan - not related to an MESP) technical advisory	Minor \$275 Major \$540 - \$1,080	Fee scoped as per application issue. Not a mandatory fee.
Pre-consultation - Meeting (Planner only)	No Charge	
Screening Assessment (OPA/ZBA)	\$995	
Screening Letter (Residential/Minor Projects)	\$120	
Single Residential Scoped Site Plan (ORM Advice Only)	Minor/Standard \$380	Base Fee - Subject to additional fees for technical review or site visit, to be determined on an application specific basis. <i>* Applicable to Caledon Only</i>
Technical Team Site Visit*	Up to ½ day \$3,135 Up to 1 day \$4,540	This is not a mandatory fee. This is a guidance tool at the request of the applicant. *Inclusive of travel time where applicable. Up to 3 staff members. Additional staff members \$650 for up to ½ day, \$975 for up to full day. One site visit with scoped staff is included in Major and Complex applications.
TRCA Project Management Fee (to assist with coordinating TRCA's reviews and project timelines associated with TRCA reviews)	\$5,410 - \$21,630	Not a mandatory fee. Dependent upon number of TRCA staff involved, number of meetings and submissions.
Vulnerable Areas Screening (Source Water Protection)	\$105	
Waterfront Development Additional Charge for Shoreline Engineering Peer Review	\$1,895 - \$3,245	To be determined based on scope.
Fluvial Geomorphic Peer Review (where required) will be determined on a cost recovery basis as required		

Other Applicable Fees - Non Planning Services

Service	Fee	Notes
Archaeological Screening	\$615 + HST	Works on TRCA-owned lands require an archaeological screening by a TRCA Archaeologist. Through the screening process, the archaeologist will determine if further investigation is required. Additional fees will be charged for archaeological investigations where required.
Engineering Data Request	\$165 + HST for Hydraulic and/or Hydrologic modelling files/reports \$135 + HST per digital floodline map sheet	
GIS Fee	\$80/hour + HST data preparation \$35 + HST per pdf or hard copy digital floodline map sheet (CAD) \$135 + HST per digital floodline map sheet (CAD)
