FFVP Lessons Learned...

- ▶ Partner w/ school food service!!
- ▶ Involve food service --- get them excited!
- ▶ Evaluate need for large equipment ASAP!
- ▶ Plan early so implementation can begin in early September
- ▶ Make contacts w/ local farmers ASAP
- ▶ Encourage teaching staff to incorporate fruits & vegetables into lesson plans
- ▶ Serve students w/ late lunch schedules an A.M. fruit/veg. snack & classes w/early lunch periods w/ P.M. snack
- ▶ Designate special students each week to make morning announcements including interesting facts about the fruit/veggie of the day
- ▶ Promote program at “Back to School” nights w/ parents/guardians
(No FFVP funds can be used for this event)
- ▶ Involve parents! *(Some schools have used parents to help prepare & distribute produce)*
- ▶ Involve students in creating fruit & veggie announcements & fact-finding info.
- ▶ Meet w/ students for ideas as to items they want offered
- ▶ Develop older student team to teach younger grades about specific produce
- ▶ Give teachers samples --- They are role models!
- ▶ Plan when ordering --- Some produce requires time to ripen
- ▶ Test produce if trying new item or if unsure if product is ripe
- ▶ Develop emergency fruit plan *(i.e. apples)* --- Some produce requires longer ripening
- ▶ Use students for distribution --- Make them feel special to be awarded this task
- ▶ Partner w/ special need classes to assist in preparation & distribution
- ▶ Provide info. & recipes on the school’s web site
- ▶ Use temporary food service employees or subs to prepare food
- ▶ Pay for labor --- Do not expect staff to volunteer
- ▶ Balance easy to prepare produce w/ labor intensive produce

FRESH FRUIT & VEGETABLE PROGRAM --- **Lessons Learned...**

- ▶ **Connect w/ health/ phys. ed. teachers, nurses ... to be involved & coordinate w/ food service dept.**
- ▶ **Use packaged fresh produce, individual or bulk --- Helps to reduce labor, simplify program & possibly increase frequency**
- ▶ **Use salad bar as produce stand ---- Students help themselves to produce after gym or health classes**
- ▶ **Order double the amount of delivery containers --- Eliminates delay in next day prep** *(Some classrooms may not return containers promptly)*
- ▶ **Offer cooked veggies occasionally to increase variety**
- ▶ **Find local chef to prepare & teach lesson about cooked veggie**
- ▶ **Suggest to preschool teaching staff that you can provide them w/ whole fruit to show children how fruit is grown, cut...** *(Order each class paring knives, cutting boards...)*
- ▶ **Provide bowls of fruit to offer at nurse's office**
- ▶ **Be cautious of allergies --- Partner w/nurse** *(i.e.: Students may be allergic to kiwi, snap peas...)*
- ▶ **Sanitizers --- Provide classrooms w/ sanitizer pumps or wipes**
- ▶ **Power up the brain w/ healthy fuel --- Serve fruits & veggies before or during school testing!**
- ▶ **Feature healthy "Field Day" energizers --- Great opportunity to reinforce fruits & vegetables as nutritious & energizing snacks!**
- ▶ **Make produce exciting --- Occasionally offer assorted fruit/veggie trays**
- ▶ **Be sure program does not create any additional work for teachers**
- ▶ **Don't be too thrifty**
- ▶ **Do not plan every produce snack to include a special educational event --- The goal of the program is to get kids in the habit of choosing fresh fruits & veggies over snacks high in empty calories!**
- ▶ **Use "FFVP Planner" to expedite initiation of program in September!**
- ▶ **Schedule a planning meeting w/ staff at opening of school year to build support & enthusiasm**
- ▶ **Make FFVP a school-wide TEAM effort**
- ▶ **Get excited about FFVP & your energy will be contagious!**
- ▶ **Make it SIMPLE!**
