Digital File Specifications

FILE FORMATS:

Preferred format is PDF/Acrobat 7 or later, set for compatibility with PDF version 1.6.

All high-resolution images and fonts must be included. All images must conform to the following minimum resolution specifications: grayscale and color images: 300 dpi; combination grayscale and color images: 500-900 dpi; line art (bitmap) images: 900-1200 dpi. Do not nest EPS files.

PAGE LAYOUT:

Supply as single page files only, right reading, portrait mode, 100% size, no rotation. Created to the trim of the magazine, plus a minimum 0.125" bleed on all sides. Keep live matter 0.5" from trim edges. Crop marks and SWOP color bars must be included, position 0.5" outside trim. Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color. All fonts and graphics must be embedded or included with the files and conform to the file formats listed above.

PROOFS:

Proofs must be produced from the final file submitted. All proofs must conform to SWOP standards. For a list of current SWOP-approved proofs, visit www.swop.org/certification/certmfg.asp, and click on "Certified Systems & Ads." Desktop inkjet printer proofs do not meet SWOP standards. AMC Media Group cannot guarantee color match unless acceptable proof is provided.

DISPOSITION OF MATERIAL:

Reproduction material will be held one year from last insertion.

Mechanical Requirements

SWOP standards apply. All supplied ads should have registrations, center, and trim marks and should indicate issue date, page positioning, and other pertinent instructions on proofs and insertion orders. Contact AMC Media Group before ad is due for additional specifications. Submit in PDF format CMYK. Convert spot colors to CMYK. All fonts must be embedded. High-resolution images. File and proof should include bleeds and trim.

All material should be supplied to the following specs:
