4. (optional) Zoom in by using the magnify tool to maximize your view. When the magnify tool is open you can use the arrows to the right of the slider to move the zoom area.

5. Import your logo or use one of the 100 logos we have on file for use. The camera icon allows you to upload your image, the overlapping picture icon allows you to use one of the preloaded images. Size the image to your liking by using the sizing tool. There are certain criteria that a logo has to have in order to be uploaded. Please make sure it is at least 300 DPI and very clear. Remember the way it appears on screen is very close to how it will print so please make sure you are providing a high-quality image.

6. Add text by selected the "A" icon to the left and typing in the text box. Once you type your text, select "add text". From there you can size it by clicking on the text and using the size tool on the lower right-hand corner of the text. When you select the text, a tools box pops up giving you the ability to change fonts, sizing, spacing and much more. Make sure there are no typos. We cannot be held responsible for any errors made on the user side.

7. Once you have the layout to your liking, simply select "add to cart".

8. The next time you order, there is no need to go back through the personalization process if you want the same personalization as a previous order. Simply go to "your account" and select the "orders" tab. Select "order again" by the order you want to duplicate. It will automatically load the personalization that you had with that order.

9. If you have changes, you can still "order again" through "your account" and once it is in your cart, you can simply select the "click here to re-edit" button (on the cart page) to change your design.
