

IMPORTANT INFORMATION ABOUT MINEHEAD BID

To the Business Owner / Manager. Please pass this onto your Head Office if the Minehead BID ballot voting decision will be made at Head Office level

**DOES YOUR BUSINESS NEED ANOTHER EXPENSE
DURING THESE UNCERTAIN ECONOMIC TIMES?**

Kick out Minehead BID!

The Minehead BID rebalot is coming up and as a levy payer you will have a vote on whether we are to pay the BID levy for another 5 years or not.

BID has had 5 years to prove itself as a great investment, but has clearly failed to do this and paying the levy feels like nothing more than another Council Tax.

But BID think they've done a brilliant job for you, want your vote for another 5 years, and with their glossy vote yes business plan will say anything to make you think it's a great idea again. But can you really believe what they say?

To provide democratic balance and help you make your mind up, we have a facebook page and website page that contains important information about the failings and not so good things about BID. Please see over page to see why businesses are voting **NO.**

Many Minehead businesses will be voting **NO, will you be joining them?**
