## DELIVERY DETAILS

**EZ MOVER**  
Driving a shed into your back yard is a piece of cake with an EZ Mover.

*Ask if available in your area.*

*A Possible Solution to Impossible Access!*

Watertight shrink wrapped kit package.

These kits can be carried by hand into small backyards and assembled on-site by our professional builders. Or you may choose to assemble your own kit.

Much of the hard work has been done – painted, doors and windows installed and material pre-cut.

**OUR SERVICE INCLUDES**  
delivery from our shop to your backyard by our own professional delivery crew!

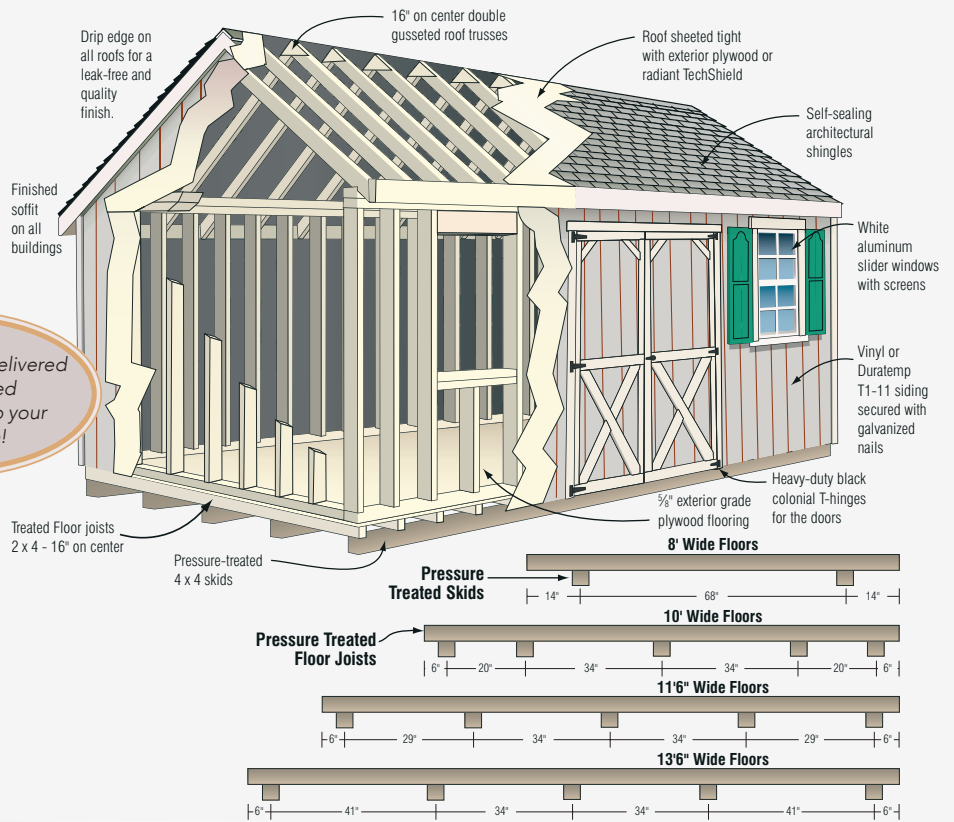

**UP TO 52' TRANSPORTS AVAILABLE**  
We can deliver anywhere in the contiguous 48 states.

# SPECIFICATIONS & COLOR OPTIONS

## Our buildings

are made with maintenance-free vinyl siding or Duratemp T1-11 painted with your choice of colors. Our doors and windows are all trimmed with vinyl perma-trim or Miratec, which comes with a 50-year warranty and will not rot, crack, peel, or warp. The trim is fastened with stainless steel fasteners. Over the years we have developed a building that is practically maintenance-free in both Duratemp and vinyl siding. We use a heavy-duty black powder-coated colonial style hinge, which gives the door a nice unique look, and withstands the elements. Additionally, the keyed lock latch on the door gives you maintenance-free security for your yard and garden tools.

*Our buildings are delivered fully-assembled or hand-built onto your prepared site!*

## SHINGLE COLORS

## WOOD SIDING COLORS

## VINYL SIDING COLORS
