

MAXIMUM MANEUVERABILITY.

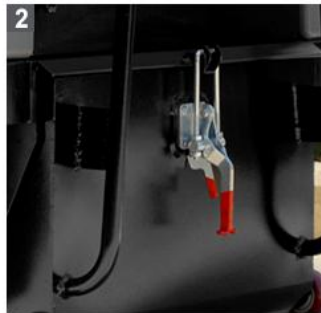

A ride-on sweeper boasting intuitive operation in a compact and agile package.

Anrunto 1380

Compact, agile and intuitive.

High-quality commercial ride-on road sweeper, with a cleaning width of 1380mm, effective to clean asphalt, cement, gravel, rubble, etc, that can't be done by floor scrubbers. Max Efficiency up to 8000 square meters per hour, which can replace the labor of more than 30 people. Even in a dusty environment, the filter can also effectively filter the flying dust in the air.

1 110L Clear Water Tank

- The machine is equipped with a front sprinkler to prevent flying dust during working, this will effectively protect the environment from secondary pollution and protect human health. With inner commercial filter, all kinds of fine dust can be absorbed in the cleaning processes.

2 Back Drawer Push-pull Dustbin

- 120L large dustbin tank to collect more garbage.
- The drawer design makes it easier to transport and dump garbage. And the dustbin is made of high-quality metal material, which is more convenient to clean and durable.

3 Humanized Control Panel

- With an open design, the cab can be added, and the driving vision is excellent, which can effectively judge intersections and observe various ground garbage to clean.
- Push-button operation which make function selection and switching very simple, making cleaning more comfortable and easier.

4 LED Light

- It can work at night, the LED uses cold light source, less glare, no radiation, no harmful substances.
