

We're stronger,
together.

Corporate Partnership Program

Stronger Families. Stronger Arizona.

We believe...

every child
deserves a
protective, stable &
loving home.

every youth
deserves the tools
& support they
need to reach their
potential.

every family
should have
the opportunity
to be healthy, strong
& resilient.

together,
we can change the
future of Arizona's
children, youth and
families.

Arizona's Children Association is the best resource in Arizona for helping children and families. Our programs target the type of future we all want to see: a future where every child has a safe and loving home and families are supported through difficult and trying circumstances.

Founded in 1912, Arizona's Children Association (AzCA) is one of the oldest and largest statewide comprehensive child welfare and behavioral health not-for-profit agencies in Arizona. It is our credibility and commitment to providing services to children and families in need that has allowed us to remain on the leading edge of child welfare and behavioral health concerns for more than 108 years.

Our professionally trained, caring and dedicated staff provide a broad spectrum of services that help create and sustain a healthy family environment. Each of our programs are tailored to meet the needs of the particular child, individual or family. We adjust to the needs of the local community; providing non-biased, culturally sensitive care to all children and their families. Our entire AzCA family is part of a team, collectively working together in the best interest of our clients to provide high-quality integrated care. All programs are family focused, strength-based, culturally sensitive and outcome driven.

We have more work to do and we need your support to make this possible. Each infant, child and teenager who comes to AzCA for care has a unique story, and the reality is that for each of these children the circumstances that led them to us are nothing less than traumatic.

Success requires unwavering support from the community. Your generosity ensures that we can continue to provide the necessary support for each individual and family who comes through our doors.

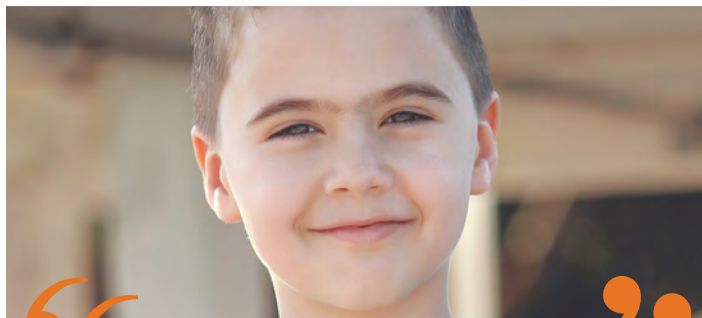

We serve families in all
Az Counties

88%

of every dollar donated goes
directly to programs & services.

“

Adopting our son from the Arizona foster care system has been the greatest joy of my life. Despite the tragic start he inherited, our remarkable boy has somehow managed to overcome adversity and view the world through rose-colored lenses. He sees the good in everything and everyone and is my greatest teacher. I want to thank the myriad of professionals at Arizona's Children who were instrumental in helping build our family. — AzCA Adoptive Parent

We make a difference by:

- Providing safe environments for kids.
- Promoting healing from trauma and abuse.
- Supporting caregivers and families.
- Guiding at-risk youth and young adults.
- Building a stronger, more resilient community.

Protecting Children, Empowering Youth, Strengthening Families.

What we do.

Foster Care & Adoption

We train and support foster care families who open their hearts and homes to vulnerable children while their biological families are on the mend. We also collaborate with adoption placing agencies to provide a variety of adoption related services for those seeking to adopt internationally, privately and from the foster care system.

Behavioral Health & Trauma/Crisis Response

Our strength-based services assist individuals and families in heightening social-emotional well-being and guiding those that have been impacted by trauma and abuse through the healing process. Our programs provide support and intervention for children and their families to address current needs and strengthen the family unit. Our Trauma Specialty Services, including the Las Familias program in Tucson, provides services and supports to victims of sexual abuse who were victimized as children.

Family Preservation & Reunification

We offer DCS-referred services to assist families in crisis, by applying intensive intervention strategies to promote safety, health and overall well-being in order to strengthen families and reduce trauma and out-of-home removals. Furthermore, when out-of-home removals cannot be avoided, these programs assist in working towards family reunification by developing realistic long term solutions. Our Parent Aide services include the arrangement and supervision of visitation between children in out-of-home placements and their parents, siblings or significant others. This program provides a range of instruction, assistance, and support services to parents to improve their skills and ability to fulfill parenting roles and responsibilities.

Kinship Support Services

Families who are raising their relative's children are given the necessary support and assistance that will allow them to navigate the unique challenges that they may encounter while raising their relative children.

Family Education & Support Services

Research indicates that the early years are crucial to laying the foundation for children's life success. From classes for parents of newborns to workshops on early infant brain development, our programs help new and experienced parents and caregivers prepare their children for a successful future.

Young Adult Services

Our support services and mentor programs are designed to aid foster care youth in their transition into independence and assist them in gaining the skills for self-sufficiency. We also offer one-on-one support services to young mothers, fathers, and their children.

Neurosequential Model of Therapeutics (NMT)

We provide assessment and treatment planning using the NMT in partnership with the ChildTrauma Academy. Developed by Dr. Bruce Perry, the NMT is an evidence-based, "trauma-informed," and brain-based approach to clinical problem solving. It provides the structure to identify experiences that may have impacted a child's developing brain and allows us to identify key strengths and apply interventions in a way to best meet the needs of the child.

Together, we can
bring hope.

Partnership Opportunities

Corporate Champion - \$25,000

- Recognition displayed in the lobby of AzCA's corporate office
- Video interview sharing your partnership with AzCA to be shared on social media and website
- Featured article in AzCA's newsletter
- Company-provided advertisement for any upcoming virtual events
- Nomination for AzCA Corporate Donor of the Year Award
- Featured in press release promoting your relationship with AzCA
- Feature article and company logo included in our Annual Report as special "Corporate Champion"
- Appreciation gift for display at your business
- Recognition in an article on AzCA's blog
- Company logo and website link listed as special "Corporate Champion" on AzCA's website for a year
- Acknowledgement of sponsorship on social media – 3 per year
- Ability to publicize your support of AzCA

Corporate Leader - \$15,000

- Company-provided advertisement for any upcoming virtual events
- Nomination for AzCA Corporate Donor of the Year Award
- Included in a press release about your partnership
- Logo included in our Annual Report as a "Corporate Leader"
- Appreciation gift for display at your business
- Recognition in an article on AzCA's blog
- Company logo and website link listed as a "Corporate Leader" on AzCA's website for a year
- Acknowledgement of sponsorship on social media – 2 per year
- Ability to publicize your support of AzCA

Programmatic Sponsor - \$10,000

- Included in a press release about your partnership
- Support listed in our Annual Report
- Appreciation gift for display at your business
- Recognition in an article on AzCA's blog
- Company logo and website link on AzCA's website for a year
- Acknowledgement of sponsorship on social media
- Ability to publicize your support of AzCA

Emergency Needs Sponsor - \$5,000

- Recognition in an online article on AzCA's blog
- Company name and website link on AzCA's website for a year
- Acknowledgement of sponsorship on social media
- Ability to publicize your support of AzCA

Community Sponsor - \$2,500

- Acknowledgement of sponsorship on social media
- Ability to publicize your support of AzCA

We value our collaborations with other organizations around the state, partnering with those who can help meet the needs of our families by leveraging program expenses.

How Your Support Can Help

\$25,000

Increase statewide post-adoption services, including support groups and additional education on trauma-related behaviors

\$15,000

Implement statewide recruitment efforts and general community awareness advertising

Jumpstart a program designed to better meet the needs of children with Autism

Provide children of incarcerated parents with the behavioral health services and support needed to address trauma, uncertainty and loss

Meet the needs of local kinship families by providing assessment/referrals, support and advocacy, mental health services, legal information, support groups, caregiver education and more

Establish an emergency fund to help kinship families in need of support with unexpected expenses and crisis situations

Significantly increase the number of parenting education and child development workshops around the state

Assist more families struggling with remote learning and other stressors during COVID-19.

Establish Workforce Development Educational Initiative for foster youth workshops to prepare transition-age foster youth for independence and for entering the workforce

Provide emergency funds to help former foster youth secure safe housing, provide transportation, assist with critical needs and food insecurities

Expand Parent Aide Services and Supervised Visitation between children in out of home care and their parents, siblings or significant others

Protect children at-risk of out-of-home placement due to abuse or neglect, by improving the safety and well-being of 50 families

My daughter has already started to show signs of a more positive attitude and outlook. She is still dealing with anxiety and depression, but I know that with this counseling she will continue to improve. For myself, it is awesome knowing that my daughter is getting the help, support and attention she needs. I am so grateful for these services.

— Parent of Program Participant, Trauma Support Services

My Independent Living Services worker really helped me not only work through my problems in an objective way (making sure to get housing, a job, take care of my health, etc.), but also provided me with emotional support and advice when it came to things I didn't know how to deal with as a young adult. I'm forever grateful.
