1.0 Release Notes for VALERI 16.0

Release Notification

From: VALERI

Version: 16.0

Production Deployment Date: June 23, 2022 @ 8:00PM CT/9:00PM ET

Focus of Release: VALERI 16.0 release enhances the VALERI technician experience and streamlines the workflow by enhancing partial claim refund modifications, upgrading VALERI claim processing by making "Claim Line Adjustment" screen refresh improvements and strengthening Post Audit Claim Sorting capabilities for optimal efficiency. Additionally, reporting enhancements will improve management oversight by creating and updating reports used not only by VA staff, but also by servicers. Veterans will see indirect value by improvements made to optimize the process for technicians and servicers, allowing for files to be handled with greater efficiency.

1.1 Enhancements

Key	Component	Summary
LM-321375	Reports	This enhancement updated the "Partial Claims Denied" report to include an additional column to show if a denied partial claim was later certified.

1.2 Bugs

Key	Component	Summary
LM-18715	SF	This fix removes servicers ability to edit or delete loan modifications within the "Loan Mod History" screen in SWP.
