Fabric Name	Available Colors	Price Category	Description	SKU
<b>Standard Lining</b>				
54" 70% polyester 30% cotton	White Ivory		Most basic lining. Protects fabric from the sun. Provides a neutral color to the outside. High translucency. Semi-Opaque	2
<b>Thermal Sateen Lining</b>				
54" 100% cotton with acrylic foam and rayon flock	White Ivory	10% upgrade charge on Romans/30% upgrade charge on Drapery	Medium weight 100% cotton. Will have a smooth sheen finish. The insulating rayon flock foam protects homes from heat and cold plus protects from UV rays which could lead to fading. Medium translucency. Semi-Opaque	2
<b>Standard Blackout Lining</b>				
54" 100% polyester	White	10% upgrade charge on Romans/30% upgrade charge on Drapery	Luxurious triple cloth woven-in blackout lining. One layer of black cloth woven between two white layers on the face and back of this fabric gives a slight grey appearance. Blocks out 95% sunlight and has excellent drapability. Allows 5% backlight through. Highly Opaque	1
<b>Premium Blackout Lining</b>				
54" 100% cotton with three pass acrylic foam	White	25% upgrade charge on Romans/40% on Plain/Classic Pleated style/ 50% upgrade charge on Drapery	Blocks out 100% of sunlight. To be specified when blackout lining is needed on less opaque, light colored fabric. Runs the risk of pin-holes. Total blackout. Totally Opaque	1

Semi - Transparent fabrics need lining upgrades from Standard light filtering liner for best effect in the home.
