a. VISITING FACILITIES:

- (1) FCI: Social and legal visits for general population inmates at the FCI will be conducted in the institution visiting room. It is the Captain's responsibility to ensure the visiting room is properly staffed, furnished, aesthetically maintained, and ensures a secure and orderly atmosphere for inmates and their visitors.
- (2) FPC: All inmate visits will be conducted in the designated visiting area solely for that purpose. Visitors are to enter and leave the visiting room through the main door only. Inmates must enter and leave through the designated shakedown room. Visitors are not allowed to linger in the parking lot in front of the administration building. Children of visitors are permitted to play only in the designated area under parental supervision. Once a visitor has departed the visiting room, their visit is considered concluded and they may not re-enter the visiting room for that day.

FCI/FPC Talladega is a designated as a NO SMOKING facility. Visitors will not be allowed to bring tobacco products into the institution.

Parents and guardians are responsible for the behavior and actions of their children. Lack of parental supervision may result in removal from the visiting list or visiting area.

b. WEB VISITING PROGRAM

In establishing inmate visiting procedures at Federal Bureau of Prisons facilities, certain restrictions and controls governing visiting regulations must be adhered to. The Warden has the authority to exercise and implement procedures that will include and permit visiting privileges for the inmate(s) and his visitor(s) consistent with maintaining good order and security of the institution.

These procedures will allow the inmate's visiting list to be forwarded to the next institution in the event they are transferred. The existing visiting list information, i.e. visitor's photos, will be retained in order to maintain a permanent record of visitors which is required by the institution and to meet program objectives.

When the computer system is not functioning or inoperative, staff will notify the Operations Lieutenant/Institutional Duty Officer. The Unit Counselors are responsible for maintaining a hard copy of the inmate's approved visiting list at the Front Entrance. In the event, the inmate does not have a hard copy present, staff will contact the inmate's Unit Team for a copy. If there is no Unit Team available, the Institutional Duty Officer/Operations be notified.

- c. FCI Visiting Hours: Visiting hours are from 8:30 a.m. to 3:00 p.m. Saturday Sunday and Monday.

FPC Visiting Hours: Visiting hours are from 8:30 a.m. to 3:00 p.m. Saturday Sunday and Monday.

NOTE: Should inmates be present in the visiting room during official counts or institutional lockdown accountability census checks, they will be counted in the visiting room, unless directed otherwise.

- d. FREQUENCY/NUMBER OF VISITORS:

FPC and FCI: Inmates will be allowed an unlimited number of visits. However, the number of visitors will be limited to five (5) adult visits, not to include children. When overcrowding occurs in the visiting room, the Institution Duty Officer and/or the Operations Lieutenant are authorized to terminate some visits in order to make room for arriving and/or waiting visitors. No visitor will be asked to leave who has not visited for at least two hours. The decision to terminate visits must be based on good judgement to include consideration of the following:

- (1) Distance traveled by the visitor and frequency of the visits by this visitor.
- (2) Health, age, and physical conditions that limit ability to travel by the visitor.

The Visiting Room Officers will be responsible to monitor the total compliment of visitors and inmates in the visiting room to ensure a safe environment. The maximum capacity for the FCI is 185. The maximum capacity for the FPC Visiting Rooms is 150, respectively.

- e. GENERAL POPULATION

- (1) Regular Visitors

Each inmate, holdover, and detainee will, upon his arrival at the institution, receive a copy of the inmate handbook during the intake screening process. The handbook will contain the information detailing inmate visiting rules and procedures. Each newly committed inmate, upon his arrival and assignment to his designated housing unit, will be instructed by his counselor to submit a list of immediate family members for placement on his visiting list. For the purpose of this documentation, immediate family members consist of mother, father, step-parents, foster parents, brothers and sisters, spouse, and children. An inmates spouse can include a common-law relationship.

It is the inmate's responsibility to provide his assigned counselor the names of any additional persons he wishes to add to his visiting list (Attachment A). The inmate will be given the necessary Visitor Information forms (BP-629) to mail

to those prospective visitors. The visitors will complete the forms and mail them directly to the counselor. Inmates must emphasize to the prospective visitor that all elements of the form must be completed or it may be rejected. The counselor will then voucher the visitors and forward the completed forms to the respective unit manager for approval. Staff shall notify the inmate of each approval or disapproval of a requested person for his visiting list. Staff will provide the inmate the necessary visiting guideline forms (Attachment B) to mail to his visitor(s). It is the responsibility of the inmate to ensure proposed visitors receive this documentation. The visiting files of those inmates re-designated from another Bureau facility will be reviewed by the assigned unit team staff to ensure the proper clearances are in place. No further visitor approval will be required unless the inmate requests to add another visitor to his visiting list. An inmates visiting list may be amended at any time in accordance with the procedures of this supplement.

Children under the age of 16 may not visit unless accompanied by a responsible adult. Visitors who are 16 or 17 years of age and not accompanied by a parent, legal guardian, or immediate family member at least 18 years of age must have the written approval of a parent, legal guardian, or immediate family member at least 18 years of age prior to visitation. (As outlined in P.S. 5267.09)

The visiting privilege shall ordinarily be extended to friends and associates having an established relationship prior to confinement, unless such visits could reasonably create a threat to the security and good order of the institution. Exceptions to the prior relationship rule may be made, at any time, particularly for inmates without other visitors, when it is shown the proposed visitor is reliable and poses no threat to the security or good order of the institution.

Disapproving Proposed Visitors: If the background information reveals that visitation privileges for a proposed visitor would present security concerns or disrupt the orderly running of the institution, the Warden may deny visiting privileges. Documentation reflecting this decision should be maintained in section 2 of the Privacy Folder in the Inmate Central File. If such a denial is made, the Unit Team will notify the inmate.

When little or no information is available on the inmate's potential visitor, visiting may be denied pending receipt and review of necessary information, including information which is available about the inmate and/or the inmate's offense, including alleged offenses.

Potential visitors with criminal backgrounds and/or felony convictions must be approved by the Warden.

(2) Special Visits:

Requests for special visits are to be presented to the respective unit manager in

writing, stating the purpose of the visit, expected duration of the visit, etc. The case manager will verify the information and need for the special visit and prepare a written justification for the visit. The proposal will be submitted to the unit manager for approval. If approved, copies will be distributed to the AW (P), Captain, operations lieutenants, control center, front entrance, visiting file, and the inmate's central file.

Except for unusual circumstances, all special visits will be scheduled during normal visiting hours. When special visits are not during normal visiting hours, a member of the inmate's unit team will supervise the visit.

(3) Attorney Visits

Requests for attorney visits are made directly to the respective case manager who prepares an appropriate memorandum for the unit manager's approval. The memorandum must include the inmate's full name, register number, attorney's name, date and time of visit, and name of staff member designated to supervise the visit in the inmate visiting room. Attorney visits for inmates assigned to Alpha Unit will be conducted in the visiting room.

Distribution of this memorandum is the same as special visits above. When attorney visits are not conducted during normal visiting hours, a member of the inmate's unit team will supervise the visit.

(4) Pastoral Visits:

Pastoral visits will be approved by the Supervisory Chaplain. Both the clergy person and the inmate must submit a request to the Chaplain in writing. The Chaplain will verify the clergy person and run an NCIC check. All pastoral visits will be held in the visiting room during normal visiting periods. An inmate may have only one clergy person on his visiting list. A clergy person who has been convicted of a felony will not be allowed to visit without the written approval of the Warden.

f. ALPHA B UNIT VISITING:

1. The following procedures will be utilized regarding non-contact visiting for inmates housed in the Special Housing Unit, at FCI Talladega. Special Housing Unit visits, must be approved in advance by the Unit Team and Captain. Inmates will provide Unit Team staff with visitor information in a timely manner and expect at least (two) 2 weeks for processing. Visits will take place on Mondays only. SHU visitors will not be processed after 1:00 p.m. SHU visits will be limited to (two) 2 hours. No more than (two) 2 visitors will be allowed to visit each inmate. Housing Unit visits. In the event there would be multiple SHU visits scheduled, SHU staff will ensure the room is properly cleaned and sanitized in between each use.

The visitor/visitors for the SHU inmate would be processed in at the scheduled time, adhering to the same rules and regulations. When the visitor/visitors enter the visiting room, they will be placed in the video monitor room, and the Visitation #1 officer will contact SHU and notify SHU staff. SHU staff will then place the inmate in the Alpha center area holding/Video Conference cell, and the SHU inmate would visit via video Tele-conference. A written copy of the approved visit will be provided to the Lieutenants' Office, Control Center, Front Entrance, and SHU staff. At no time, will a visitor show up at the institution and visit a SHU inmate without proper approval and a signed memorandum.

2. FCI Talladega does not have a specific facility designed for the conduct of non-contact visits. In the event that a specific case requires a non-contact visit, procedures for the required visit will be developed and distributed via memorandum on a situation specific basis.

3. Holdovers are not committed to general population housing units. Requests for visitation for inmates on holdover status will follow the same restrictions as those inmates housed in Alpha-B (SHU) and be limited to immediate family members.

g. COMMUNITY HOSPITAL PATIENTS

(1) Visits for inmates hospitalized in the community will be determined by the Warden. If a visit is approved, it will be limited to immediate family only. All visits will be subject to the general visiting policy of the hospital. An approved visiting list will be forwarded to escorting staff.

Should the visit be denied due to the inmate suffering from an infectious disease, psychotic or emotional episode, or other condition which makes a visit inadvisable, the inmate's case manager will contact the visitor(s) and carefully and sensitively explain the reason for denying the visit to the visitor(s). The Health Services Administrator will then prepare a memorandum concerning the denial of the visit to be forwarded to the inmates housing unit for placement in the inmate's central file.
