WORK EXPERIENCE

Dentist 2019 - Present
Smile Bright Dental Practice, London

Conduct thorough dental exams, diagnose conditions, and create personalised treatment plans. Administer anaesthetics and perform diverse procedures, including fillings, root canals, extractions, and crowns. Provide cosmetic options like whitening, veneers, and Invisalign. Collaborate with colleagues, educate on oral care, and maintain precise records.

- Maintained a treatment success rate above 90% by effectively diagnosing, planning, and executing procedures, ensuring high patient satisfaction and oral health outcomes.
- Strategically improved patient flow, reducing wait times by 15% and increasing daily appointments by 20%, optimising clinic efficiency and enhancing the patient journey.

Dental Associate 2018 - 2019
Pearl Dentistry Clinic, London

Contributed to diverse dental procedures as part of the lead dentist's team, gaining hands-on experience in restorative dentistry and oral surgery while also performing dental X-rays, interpreting findings, aiding in treatment planning, and proficiently engaging with patients to address concerns and clarify treatment procedures.

- Developed proficiency in restorative dentistry and oral surgery by actively participating in diverse dental procedures under the guidance of the lead dentist, contributing to an expanded skill set and deeper understanding of complex treatments.
- Successfully communicated with patients, alleviating concerns and clarifying treatment processes, resulting in a 20% increase in patient satisfaction scores.
