Sponsorship Levels

RED ROCK Academy NV is a non-tuition public charter school in Las Vegas, NV and a registered 501(c)3 non-profit, that strives to prepare students for post-secondary studies and careers through an engaging educational program emphasizing various modalities of arts integration. Sports is a primary medium for developing student leaders at **RED ROCK**, so we endeavor to make our athletic and extracurricular programs the very best, not just competitively, but also in character and leadership development. We have a very limited athletic budget, so we are extremely reliant on community partnerships to help us provide the best opportunities for our students without it being a burden to their families.

Each of our sports teams, as a public school, must find creative ways to fund their sport. Often this falls on the student and family to pay participation fees in order to provide the basic costs of the sports season. For the majority of our students and families, participation fees are an obstacle that they are not able to overcome. A sponsorship is an opportunity for you, your company or organization to make a huge difference in the lives of students by making school athletics available to all and without burden. The money raised through your sponsorship will provide **RED ROCK** with the ability to purchase much needed items to keep our athletic program on a competitive level with other schools in the state. The funds would buy things like bleachers and benches for our soccer field, a batting cage for our softball and baseball teams, sports equipment, field rentals, uniforms, defray cost of playing sports for athletes, pay coaches' salaries, pay for transportation to events, pay for athletic trainers for all home games, pay officials fees, pay state associations fees, and more. These are all costs associated with running an athletic program in the state of Nevada and here at **RED ROCK** we intend to offer our athletes the best opportunities to excel in their sport. Below are the various ways you and your organization can make a HUGE difference in the lives of these students as future leaders and contributors to our community. Please help our athletes at **RED ROCK** Middle and High School.
