

The best business and operational intelligence.

To be profitable, you need the most current and accurate information possible. It can help you save valuable resources and optimize your decision making. You also have the added challenge of maximizing operations and yields. MyDTN supports all of this and more.

MyDTN is the leading independent, trusted source of actionable insights and market information. It provides proven temperature and precipitation forecast accuracy, proprietary industry coverage from our award-winning newsroom, and more. With it, you can make fast, effective buying and selling decisions with key information, such as commodity and cash market prices and unbiased market analysis. Most importantly, it keeps you connected anywhere your work takes you, even in the field.

MyDTN delivers ag's most trusted source of information in one easy-to-use platform.

- Stay on top of the industry with our award-winning editorial team's proprietary news content and independent market commentary.
- Spot trends and nearby opportunities with the industry's largest database of local grain bids and prices.
- Manage logistics and schedule tasks with industry-leading temperature and precipitation forecasts, plus our patented precipitation timing tool.
- Grow yields and reduce risks with local weather insights, plus specialty tools for spraying.

MyDTN

MyDTN takes marketing to the next level with our DTN Six Factors[®] Market Strategies, an unbiased advisory service for managing commodity and input price risks. It uses our proprietary methodology, which blends both technical and fundamental analysis best practices. The result is easy-to-follow, independent insights and pragmatic recommendations for marketers. You can discover rare marketing opportunities and lock in your best prices sooner.

Personalize MyDTN to your operations.

MyDTN is designed so that time-critical, decision supporting insights are never out of reach. You can customize its interface and filter the information to ensure you always see the content you need. Powerful alerts let you know when you have a favorable buying or selling opportunity, when the weather may impact your operations, or if a price fluctuation poses a risk to your bottom line. Optimized to work on tablets, smartphones, and other devices, MyDTN keeps you connected and agile anywhere, any time.

Try MyDTN for yourself and experience how it can help improve your business.
