

INCLUDES:

- 1 Roll Wire Rope
- 100 Cable Locks
- 1 Custom Cable Counter Lid & Bucket
- 1 Cable Cutter

Dyna-Tite Starter Kit Components:

ROLL OF CABLE - Galvanized steel cable is manufactured to exact standards and is statistically tested to verify the breaking strength.

CABLE LOCKS - The CL12-WC3 is ideal for hanging smaller diameter duct and has a working load range of 25-150 lbs.

CUSTOM CABLE COUNTER LID - The CCC-1 features a 5 digit counter (4 digits for feet, 1 digit for inches), push button reset and is lightweight. It is designed for use with Duro Dyne wire rope for accurate sizing and elimination of waste.

CABLE CUTTER - When cutting cable it is important to use a recognized cable cutter such as the Dyna-Tite cutter. This will ensure that the form of the rope is maintained prior to insertion in the cable lock. The cable cutter features: WC6-23 wire rope cutting capacity, spring loaded 5" long vinyl coated handles, and hardened steel blades.
