

FLOOR PROTECTOR

Made of 100% polyvinyl, G-Floor® Roll-Out Flooring is strong enough to withstand garage and workshop wear and tear, yet it's versatility and beauty make it the perfect choice for other rooms in your home, workspace or business.

For heavy-duty work areas, G-Floor Roll-Out Flooring stands the test of time far longer than any other competitor. The material used is a powerful polyvinyl blend that renders the floor impervious to damage normally caused by extended or extreme use, heavy storage, or chemical spills. Use a single pad for your car, truck, SUV, motorcycle or ATV, or cover the entire floor from wall-to-wall for a seamless look. Keep your floors clean from battery acid, antifreeze, brake fluid and more. For heavy-duty work areas, G-Floor Roll-Out Flooring stands the test of time far longer than any other competitor.

G-Floor Roll-Out Flooring is easy to clean, install, and maintain, making its application ideal for home, office, or retail locations. Available in a variety of surface textures and colors, G-Floor Roll Out Flooring has the ability to beautify and enhance any space. Installation takes just minutes and does not require the additional hassle of excessive adhesives, complicated directions, or tedious preservation techniques. Want a more finished look? G-Floor Roll-Out Flooring offers center, edge, and threshold trims to add a completed, professional appearance to your space.

Whether you want to cover an entire area in a protective layer of polyvinyl or just add a durable and traction friendly pad, G-Floor Roll-Out Flooring is truly the gold standard of flooring options. The durability of G-Floor Roll-Out Flooring makes it an ideal solution for any garage, workshop, outdoor storage, and the versatility makes it unbeatable for use in any utility room, home gym, or retail location. Bring the power and durability of G-Floor Roll-Out Flooring into your home or workspace today!"
