

## Plant Operations Support Consortium

### Our Mission:

To increase the efficiency and sustainability of facility operations by providing timely and creative technical assistance, education and consultation to support facility construction, operation and maintenance.

### Our Vision:

Facilities are recognized – and managed – as an important component in the mission of any organization.

The people who operate and maintain the facilities are recognized and supported as essential partners in the mission of any organization.

### We will accomplish our mission and support our vision by providing:

#### Energy Advisory Services

- Energy research and answers to queries
- Energy audits and assessments
- Energy data tracking and interpretation
- Grant locating and writing support

#### Facility Management Assistance

- Strategic planning
- Condition assessments
- Consultant selection and procurement assistance
- Review of design options and alternatives
- Construction management

#### Leadership Development and Education

- Listserv posting several times a week
- Reduced rate to our annual Energy/Facilities Conference
- Quarterly *ShopTalk* newsletter
- Webinars with experts in facilities management

#### Custodial Operations Support

- Effectiveness and comprehensive custodial assessments
- Staff training
- Work loading and job card development
- Custodial research and consultations

#### Technical Assistance and Consultation

- Research
- Referrals
- Surveys
- Recommendations

#### No-Fault Effectiveness Assessments

- Facility maintenance and operations
- Security
- Staffing surveys
- Equipment/preventive maintenance plans

#### Equipment Brokering and Locating

#### Other Support as Requested
