

# EXOLANDER® SYSTEM

## DJI MAVIC 2 PRO & ENTERPRISE

The EXOLANDER® Drone System enhances the capabilities of the DJI Mavic 2 Pro and Enterprise, allowing for a more comprehensive solution.

With the EXOLANDER®, drone operators have the ability to mount anti-collision lights and searchlights and more securely takeoff and land with innovatively designed landing skids.

### FEATURES

- EXOLANDER® apparatus with 10 hardpoints for tool mounting.
- Saddle Mount®
- Landing Skids
- D10 or D3060 anti-collision and night flight lights (available for purchase and included on the 700-XDS-M2P & 700-XDS-M2E)
- Made from Nylon & Carbon Fiber
- Fire Resistant: Meets requirements of NFPA 1971-8.6 (2013)
- Impact Resistant: 9.8 ft (3 m)
