

2012-13 Operations, Information & Technology Seminars

Spring 2013

Date	Speaker	Title
Apr 17	Jan A. Van Mieghem Kellogg School of Management	Abstract: Collaboration in Service Networks: Architectures, Bottlenecks and Throughput
Apr 24	Robert Swinney Stanford GSB	The Impact of Supply Chain Structure on Responsible Sourcing
May 1	Kay Giesecke Stanford Management Science & Engineering	Abstract: Weak Convergence of the Loss from Default
May 8	Mustafa Akan Carnegie Mellon University	New Functional Characterizations and Optimal Structural Results for Assemble-to-Order Generalized M-Systems
May 15	Alex Belloni Fuqua School of Business, Duke University	Inference on Treatment Effects After Selection Amongst High-Dimensional Controls
May 22	Song Alex Yang London Business School	Abstract: The Supply Chain Effect of Bankruptcy Reorganization
May 29	Omar Besbes Columbia Business School	Abstract: On the Price of Demand Censoring in Inventory Management

Winter 2013

Date	Speaker	Title
Jan 9	Joline Uichanco MIT	Business Analytics for Flexible Resource Allocation Under Random Emergencies
Jan 16	Ozan Candogan MIT	Iterative Auction Design for Graphical Valuations
Jan 30	Yina Lu Columbia University	Measuring the Effect of Queues on Customer Purchases
Feb 6	Santiago Balseiro Columbia University	Auctions for Online Display Advertising Exchanges: Approximations and Design
Feb 13	Chaithanya Bandi MIT	Robust Queueing Theory - A theory of Stochastic Analysis via Robust Optimization Tractable Stochastic Analysis in High Dimensions via Robust Optimization

Fall 2012

Date	Speaker	Title
Oct 3	Nur Sunar Stanford GSB	Abstract: Investment Timing with Incomplete Information and Multiple Means of Learning
Oct 3	Joel Goh Stanford GSB	Abstract: The Relationship Between Workplace Practices and Mortality and Health Costs in the United States

Oct 3	Yang Yang Stanford GSB	Abstract: The UFOS Algorithm for Network Resource Allocation
Oct 10	Christian Terwiesch Wharton, University of Pennsylvania	An Operations Management Approach to Primary Care
Oct 24	Sridhar R. Tayur Tepper School of Business, Carnegie Mellon	Planned Spontaneity for Better Product Availability
Nov 7	Ilan Lobel NYU Visiting Stanford	Intertemporal Price Discrimination: Structure and Computation of Optimal Policies
Nov 14	Serguei Netessine Technology and Operations Management Department, INSEAD	Managing Global Sourcing: Inventory Performance
Nov 28	Devavrat Shah MIT Visiting Stanford	
Dec 5	Guillaume Roels Anderson School of Management, UCLA
