Why Switch to vegan capsules

Over the next 5 years, the "Vegan Soft Gel" market is projected to grow by over 50%, from USD 394.2 million to USD 658.3 million. Homart is now equipped with the capabilities required to access this latent market.

Uniquely positioned with the latest vegan soft gel technology, we offer you the opportunity to reach and engage with 700 million vegan customers worldwide. Together, we can help you fulfil your brands "greener & more sustainable" objectives with Homart's earth friendly vitamin products.

Your choice

Various sizes and vegan friendly, choice of fills, colours clear to semi transparent.

330mg

660mg

1000mg

Ask our team

What vegan filled options are available? Whether it be EPO/ Flaxseed or Algal Omega Oil, let us quote on your existing products or discuss new ways to bring vegan options to your customers. **We are ready for a greener world.**
