

Montana ACRYLIC water-based 0.7mm EXTRA FINE Marker

available in 12 matte acrylic colors - replaceable tips
extra fine solid tip - high durability - refillable
perfect for extra fine details - works on various surfaces

The 0.7mm EXTRA FINE Montana ACRYLIC Marker is perfect for the finest detailed work allowing application to various surfaces. The robust solid tip enables users to achieve controlled and precise detailed marks. This unique marker tip is ideal for all creative uses and especially suitable for smaller, fine detailed work. Various replacement tips are available separately. The optimum flow control pump-valve system allows accurate handling and application. ACRYLIC EXTRA FINE Marker is also available as a refillable empty marker. Available in 12 matte colors.

EXTRA FINE MARKER / 12 COLORS
AVAILABLE TIP SIZES: 0.5MM / 0.7MM / 1MM / 2MM CALLIGRAPHY

Montana ACRYLIC water-based 2mm FINE Marker

available in 34 matte acrylic colors
fine felt tip - use on various surfaces - refillable
perfect for fine details & outlines - replaceable tips

The 2mm FINE Montana Acrylic Marker comes with a round fibre tip that has a smooth, soft application making line work, fill-ins and controlled application easy. For more calligraphic styles, simply replace the round tip with the 6mm chisel tip, opening up a whole new world of options. Available in 34 matte colors as well as Varnish gloss. Various replacement tips are available separately. Optimum flow control pump-valve system allows accurate handling and application. ACRYLIC FINE Marker is also available as empty marker.

FINE MARKER / 34 COLORS + VARNISH
AVAILABLE TIP SIZES: 2MM / 5MM CALLIGRAPHY / 6MM CHISEL

Montana ACRYLIC water-based 15mm Marker

available in 24 matte acrylic colors
calligraphic tip - perfect for calligraphic effects
great for large paintings & backgrounds - refillable
perfect for fine details & outlines - replaceable tips

The 15mm Standard Montana ACRYLIC Marker is the perfect tool for all marking jobs, big or small. Great for decorative uses such as poster design, sign boards and display making, the 15mm fibre tip also offers many possibilities for the creative and artistic use. Ideal for calligraphic lettering and filling in larger surface areas, the fibre tip is smooth in application and even in color distribution. The 15mm ACRYLIC marker is the allrounder in the ACRYLIC marker line. Available in 24 matte colors as well as Varnish gloss. Can be applied to various surfaces. Replacement tips are available separately. Acrylic 15mm is also available empty.

15MM STANDARD / 24 COLORS + VARNISH
AVAILABLE TIP SIZES: 15MM STANDARD / 15MM MULTI LINE

Montana ACRYLIC 30mm/ 50mm Marker

available in colors black and silver
extra wide felt tip for calligraphic effects - refillable
fast efficient surface area filler - replaceable tips

The 30mm and 50mm Montana ACRYLIC Markers are the widest in the ACRYLIC marker range. The extra wide felt tips are perfect to create great calligraphic effects on a large scale. Users can apply marks firmly and exactly with even color distribution and consistency. Available in Black and Silver, these markers are excellent for filling in large surface areas fast. Optimum flow control pump-valve system allows accurate handling and professional application. Various replacement tips are available separately. Both markers are also available empty.

50MM / 30MM BROAD / 2 COLORS
AVAILABLE TIP SIZES: 50MM / 30MM BROAD / 50MM / 30MM MULTI LINE

Montana ACRYLIC water-based 25ml & 180ml Paint Refills

available in 34 water-based colors - high covering
waterproof* - uv-resistant - interior & exterior* use
perfect for airbrush & brush application
mixable - create your own colors!

Highly pigmented water-based paint. The Montana ACRYLIC PAINT Refills complete the Montana ACRYLIC marker range to offer all 34 matte colors in the series as 25/ 180ml Refills, as well as Varnish gloss. The ACRYLIC PAINT Refill bottles are ACMI approved and wearing the AP mark. Not only perfect for refilling your Montana ACRYLIC Markers, the Montana ACRYLIC COLORS also offer a wide variety of possible application techniques such as air brushing, mixed media, brush application and of course can be combined with the corresponding color from the Montana GOLD spray paint range. The special valve filler makes for easy and clean color mixing. Colors are intermixable and dilutable with water so you can mix your own colors! Can be applied on almost all surfaces such as canvas, wood, glass, walls and metal. Solvent free.

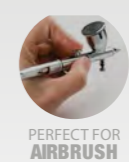

Also available as empty bottles for own color mixing.

**Ideal for interior use - for exterior use, please use Montana GOLD Varnish to seal and increase longevity. For best results in sealing we recommend to use Montana Varnish Spray or ACRYLIC Varnish that are compatible to ACRYLIC paint. When working with other varnishes please test always before application - it might not be compatible. For further information see reverse.*

ACRYLIC PAINT 25ML / 34 COLORS + VARNISH

Montana ACRYLIC water-based 25ml & 180ml Paint Refills

Use Montana ACRYLIC paint in combination with ACRYLIC Empty Markers or the Montana brushes. The new Brush Set FINE consists of an assorted set of 5 brushes which includes three round fine brushes in sizes 1,4 and 8 as well as two flat brushes in sizes, 6 and 10. The Round brushes have a natural wooden finished handle and the flat brushes are finished in a painted black wooden handle. The bristles are made of high quality synthetic Ponex which is bacteria resistant, offers excellent elasticity, flexibility and durability and will hold their form with long term use.

ACRYLIC PAINT 180ML / 34 COLORS + VARNISH

Montana ACRYLIC water-based VARNISH gloss

available in 25ml + 180ml + FINE and 15mm Marker
great for additional protection and glossy effects

Montana ACRYLIC Gloss varnish can seal and protect artworks painted with Montana ACRYLIC for longevity. It enhances effects and intensifies the visual impact of final artworks. With the flexibility to be applied in various forms eg. by marker, brush and airbrush, the ACRYLIC gloss varnish can intensify and illuminate the dry ACRYLIC colors it is applied to. This allows users to create depth to background/foreground work and be used as a tool to manipulate the play of light on artworks. Only apply to completely dry surfaces and color. When used with Montana ACRYLIC colors we recommend at least 1 hour drying time for ACRYLIC paint. Always apply evenly and uniformly to selected surface. Dab away or distribute any surplus varnish. Allow at least 10 minutes drying time before applying further coats of ACRYLIC Varnish.

ACRYLIC VARNISH GLOSS

The Montana ACRYLIC Marker Line

High quality water-based paint markers & colors compatible with Montana GOLD professional spray paint

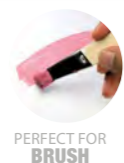

Montana ACRYLIC water-based Markers & Paint Refills

The refillable Montana ACRYLIC Marker range is available in 0.7mm Extra Fine, 2mm Fine, 15mm Standard, 30mm and a 50mm Broad tip. ACRYLIC Paint refills are available in 25ml and 180ml bottles. Montana ACRYLIC markers are filled with high quality water-based acrylic paint in colors that match the corresponding colors in the Montana GOLD spray paint line (seal with Montana GOLD Gloss Varnish for optimal color match). The ACRYLIC range offers up to 34 colors (see color tables on back side) and offers endless possibilities to mix your own colors. Montana ACRYLIC paint is water-proof when applied to clean, dry surfaces and allowed to completely dry between layers (sealing is also recommended with Montana GOLD Gloss Varnish). The optimum flow control pump-valve system allows accurate handling and application. Replacement tips are also available separately.

ACRYLIC Characteristics:

- UV-RESISTANT & LIGHTFAST

- COMPATIBLE WITH MONTANA GOLD SPRAY PAINT
- REFILLABLE MARKERS WITH REPLACEABLE TIPS
- HIGH-COVERING & QUICK DRYING
- PERFECT FOR INTERIOR USE
- USE WITH TRADITIONAL BRUSH AND AIRBRUSH
- USE ON VARIOUS SURFACES
- MIXABLE COLORS

Montana ACRYLIC Color System offers endless possibilities

Montana ACRYLIC Markers and Refills offer 34 vibrant colors that match colors in the Montana GOLD spray paint series. Create your own colors by mixing Montana ACRYLIC colors together - the possibilities are endless. Montana GOLD spray paint is compatible for mixed media use with the Montana ACRYLIC paint. Colors carrying the same name will color match to the Montana ACRYLIC colors once sealed with the Montana GOLD Gloss varnish.

Color matching

Due to a different base between ACRYLIC paint (water-based) and Montana GOLD spray paint (solvent-based), for best color matching results apply a coat of Montana GOLD 400ml Gloss Varnish spray or ACRYLIC Varnish Gloss for one even finish. Slight differences may appear with different substrates. 100% color match is not guaranteed. Always test before use!

Correct surface treatment Priming & Sealing

Montana water-based ACRYLIC paints cover on many surfaces and can be applied directly without surface priming. To achieve strongest color strength and luminosity on surfaces that are precolored or porous, we recommend to preprime any non neutral surfaces with white before applying the Montana ACRYLIC Fluorescent colors which reflect more light and achieve the ideal Fluorescent effect when applied to a white surface. The Montana GOLD spray paint colors Shock White and Shock White Pure, or Montana ACRYLIC paint in Shock White are perfect to prime your substrate before using colors / Fluorescent paint markers or refills.

For optimal weather-resistance (when used outdoors) we recommend to seal ACRYLIC artworks with Montana GOLD Varnish spray (Gloss or Matte). Using a varnish also enhances effects and intensifies the visual impact of final artworks. Only apply to completely dry surfaces and color. 1 hour drying time is recommended for dry climates, and longer for more humid climates. Always apply evenly and uniformly to the painted surface. The more coats of varnish applied, the stronger the protection.

Montana ACRYLIC Varnish: The Montana ACRYLIC varnish seals and protects artwork, enhances effects and intensifies the visual impact. It also offers flexibility of application by marker, with a brush or through an airbrush.

Montana GOLD Varnish: The Montana GOLD spray varnish seals and protects artworks in a solvent based formula. It is particularly recommended for exterior use to seal against the elements, as well as enhance the effects and intensify the visual impact of the color use and substrate choice. Montana GOLD spray Varnish also enables users to apply varnish to larger surface areas evenly and efficiently.

Montana Technical Sprays: As well as the immense color selection available in the Montana GOLD spray paint range, there are also technical sprays in the Montana assortment that allow a wide range of applications in conjunction with the Montana ACRYLIC markers. The Tech sprays include styrofoam primer, for the pre-treatment of polystyrene before applying Montana GOLD/ ACRYLIC, Universal Plastic primer for the pre-treatment of plastics before applying paint or Acetone spray for paint thinning, creating effects, cleaning or nozzle maintenance.
