**interfix**

“ Interfix were the only ones who fully appeared to understand the demands of a toilet block in a large secondary school.”

Sandra Short, Business Manager, Cleeve Park School

## helping schools get ahead...

This portfolio is designed to show you why Interfix is the number one choice for educational washrooms:

superior quality  
experience  
expertise

**We understand that many people are uneasy about washroom refurbishment because of the range of trades involved. Managing this requires skill and experience.**

We provide a complete washroom refurbishment solution, from first consultation and design, to completion. We are a highly experienced and dedicated team, giving you one point of contact.

We work hard to ensure that our standards are the very highest, through continuous improvement and training, and we have a proven track record in the education sector.

That's why so many schools choose Interfix.

## creating **happy** places

**Every school strives to reflect its high values.**

Washrooms are a significant part of demonstrating how important the learning environment is, and give a clear message about your principles.

“ The children were so excited when they were shown the new toilets on their first day back and were really pleased with the bright and colourful design. ”

*Carol Dray, Senior Administration Officer,  
Summerlea CP School*

### Did you know?

Poor school toilets can have a negative impact on a child's physical and psychological health

# pay now or pay later

**Far too often schools find they are refurbishing washroom areas ahead of their expected life span.**

Whilst we appreciate that in today's competitive marketplace budgets are important, we also know that long-term savings far exceed the initial expenditure. Working with good design and quality fittings ensures against this false economy.

High standards, quality and professionalism are so important to your establishment, so don't let your school down with a poorly fitted washroom.

## Why quality is vital

- Ensures a long lifetime of your washroom
- Reduces long-term cost
- Withstands the effects of vandalism
- Adds credibility to your reputation
- Shows staff, pupils and visitors that you care

*The bitterness of low quality is remembered long after the sweetness of low price is forgotten.*

*Benjamin Franklin*

“ Very professional, and knowledgeable of products. ”

*Corinne Hines, Bursar,  
Virgo Fidelis Convent Senior School*

“ I would recommend Interfix 100%.  
All their employees are conscious of  
working within a school environment. ”

*Gary Dyer, Senior Site Manager,  
Corelli College*

# Combating the demands of education...

## **Vandalism costs.**

You can discourage vandalism in your school with the installation of robust, attractive solutions designed to withstand abuse.

Creating a safe, smart environment will also help to reassure those children who are reluctant to use toilet facilities due to vandalism and bullying.

So make sure you protect your investment and your pupils, whilst reducing future maintenance costs.

# Time is crucial in the busy pace of school life...

Placing your trust in Interfix not only saves money in the long-term, but it also saves you precious time.

Our modern, minimal, easy to clean washrooms are designed to reduce maintenance and cleaning time for caretakers and staff.

Working with a professional team leaves you free to concentrate on what matters in the running of your establishment, and guarantees you excellent results.

“ The project has been a huge success due to Interfix producing a functional and efficient design. ”

### Did you know?

Fitting water-saving equipment, such as urinal controls and self-closing push taps, has helped schools save around 70% on their water consumption.

## The **benefits** of Sensor Equipment?

Using water and energy-saving equipment in your washroom not only reduces wastage and the associated costs but also your impact on the environment.

- Reduce the spread of germs and infection
- Eradicate problems caused by taps left running
- Take control with adjustable water flush

# creating individuality

What suits one school may not suit another. We treat all our customers as individuals, creating a bespoke solution to your exact specifications.

Our wide range of colours, styles and finishes - including our fun children's laminate designs - allows you to express the personality of your school in one of the most visited areas of the building.

“ The toilets definitely have the ‘wow’ factor we were seeking. ”

*Sonia Case, Headteacher,  
Dulwich Hamlet Junior School.*
