VISION, MISSION & VALUES

VISION

ITTEFAQ GROUP's vision is its people who are expanding the horizon with system development, innovations and professionalism to become the leading group providing versatile services in region

MISSION

To establish ourselves as the premier group in the region, providing comprehensive construction services. Our aim is to tap into the potential of the talented youth in this country and contribute to the advancement and growth of our beloved Pakistan.

QUALITY HEALTH & SAFETY

QUALITY HEALTH & SAFETY

ITTEFAQ GROUP has gained a reasonable market position, over the years through unparalleled Management competence and high standard and productivity, maintains its strong position of ushering new opportunities in the market.

Our success is measured by client satisfaction through long term business relations with clients and subcontractors / suppliers, and on time execution and completion of projects within budget.

ITTEFAQ GROUP is a general construction company specializing in civil construction of residential, commercial and industrial buildings and is hereby committed to:

- Hold Senior Executives, Directors, Senior Staff and employees responsible for the Quality, Health, Safety and protection of the Environment in its daily activities.
- Recognize the need to work according to international standards and will endeavor to ensure that the company and its contractors comply with current Quality, Health, Safety and Environmental Ministerial Orders, Legal and Other Requirements.
- Supply sufficient resources towards the achievement of a pro-active Quality, Health, Safety & Environmental (QHSE) culture.
- Ensure that all employees and others involved on our projects work in a safe and healthy environment to prevent injuries and sickness and other adverse impacts to the environment.
- Assume every preventive measure in the identification and assessment of risk associated areas towards the occurrence of incidents.
- Train and inform employees effectively of their collective roles and responsibilities in the execution and sustainability of the company's set goals and objectives.
- Carry out regular / periodic QHSE inspections and maintain an incident prevention program that records corrective and preventive actions.
- Provide timely, cost-effective quality general contracting services while maintaining Company values.
- Maintain and continually improve the effectiveness of QHSE Management System.
- Provide clients with exemplary service, as one of the leading Contractor in the growing and challenging market through quality & excellence in the construction field.
- Prevent pollution, reduce waste and minimize the consumption of resources.
