Celebrate

Collaborate

And Decorate!

For Design Week we announced the launch of a 6-piece capsule collection in collaboration with our designer friends, Turner Pocock.

We've had the pleasure of working with Turner Pocock for over 15 years. The philosophy of both brands has familiar foundations, notably taking inspiration from the past to create truly unique statement designs.

There's also some tweaks and changes to a few signature pieces, using new materials and finishes in innovative ways, naturally!

Hand Finish

Natural Wood

Natural Skin

It was such a pleasure to co-design pieces that accommodate the needs and rather unsightly results of the modern world, such as endless wires for our technology, and to make them beautiful using artisanal crafts and the finest materials.
