## Genesis

What stands today, as a 2250+ beds and growing multispecialty hospital chain, operating out of 6 locations, owes its humble beginnings to a 30 bed hospital in Tiruchirappalli in the year 1999. The dream of two doctors, who felt the need for a quality critical care setup gave birth to today's Kauvery Hospital.

Slowly and steadily, growing from strength to strength, Kauvery Hospital, is one of the frontrunners for providing quality healthcare services across multiple cities in South India.

## Our Core Values

- C - Continual Improvement
- H - Heartfelt Personal Touch
- E - Ethical

## From the Founders' Desk

"Our growth trajectory has been fueled by the strong doctrine of "personalized patient care" and that has enabled us to stand apart. Our hospitals stand as a true testimony to the emotional connect we have with our patients. The love, the care and the true act of healing is what made us stand apart and reach out truly to every patient who has sought our care."

**Dr. S. Chandrakumar**  
*Founder & Executive Chairman*

"With a wealth of experience gathered over the years & a tradition of consistently successful clinical outcomes we are the preferred destination for tertiary care. Thanks to cutting edge technology, robust IT infrastructure & application of TQM & lean tools in healthcare, our operational practices have fueled clinical excellence & set high standards of patient safety & satisfaction."

**Dr. S. Manivannan**  
*Founder & Managing Director*

care that  
transcends  
**borders**

# International Patient Services

International Patients seek exceptional standards of care and have special needs and requirements. Kauvery offers world class International Patient service. Right from airport pickup, registration till discharge, every process is conducted professionally and in a seamless manner, with a personal touch.

## Our International Patients Services include:

### Second Medical Opinion

If you wish to seek a second opinion on medical advice given to you by healthcare professionals in your country, you can simply mail us your queries. Our doctors will get back to you with their expert opinions. We are more than happy to help.

### Airport Pick up & Drop

We offer complimentary airport pick-up and drop facility for our international patients. For critically ill patients, ambulance arrangements shall be made.

### Diet

The dietary needs and preferences of the patients will be assessed and an appropriate menu prepared by our expert panel of dietitians. The food is hygienically prepared using cooking methods that enhance the nutritive value of the dishes.

### Travel Desk

Dedicated co-ordinator for international patients to provide additional support

### Accommodation

Based on your needs and budget, you can choose to stay in a Sharing Room/ Private Room, all designed with the comfort and safety of patients in mind.

We can also arrange for a stay in any of the star hotels dotting the cityscape of Chennai.

# The power of knowledge

Kauvery Hospitals strongly believe in the life-changing experience gained through Academics- the power of teaching, training and research, under careful and committed guidance, to inspire aspiring clinicians to become the best possible versions of themselves.
